It seems to me that our 125th anniversary has lasted a long time. However, the time has been well spent and has allowed me and many of us at the school to meet with alumni, friends and supporters whom we have not seen for a while.

The highlight of the year was the dinner dance in Montreal, but there were also gatherings in Halifax, Ottawa, Toronto and even London, England. I did not make it to the West Coast, Mexico or Asia, but I am working on it.

Celebrating our 125th anniversary puts us in a very select group of Canadian independent schools. When you consider that the school is on its original campus and operating under its original charter, that makes us part of an even smaller group of schools. Both our location and independence are great assets, but there are also challenges involved. Two of these I hope to pay special attention to this year and I hope that after you graduate, you will become active supporters of the school.

Because our student body is so cosmopolitan now, it spans the world. No longer is the alumni made up largely of Montrealers, and this means the alumni have some real organizational challenges to meet and overcome if they are to continue as a key part of the College community. I have made a commitment to work closely with the alumni president on this and to use the school's resources to help in whatever way we can. Alumni support is crucial to the future well-being of the school.

The second challenge we face is providing for the future financial well-being of the school, and this means increasing the school's endowment fund. All of you have benefited in one way or another from the generosity of prior generations, whether it be from facilities they have provided or from financial aid or scholarships. I feel we all must work to leave a legacy behind to benefit future generations. As alumni, I hope that as you settle into your careers, you will heed the call to be generous with your time, your work and your money. You are the school's future.

Good luck to you all, and may you earn happiness and success and learn the pleasure of being generous and supportive of your families, community, friends and school.

DAVIS HOUSE

The 1997-98 school year marked the first time in several years that the boys of the house were not welcomed by Mr. Roger Marino. It was not that he was being rude, but rather he had retired from his position as House Director after 7 years to take up his new hobby of enjoying peace and quiet. The House is in his debt for the discipline and structure that he instilled.

The new Assistant House Director, Mr. Lawrence Nelson and I will try and live up to the lofty standards set by Mr. Marino.

This year also marked the largest number of boys ever to call Davis House home. 74 in all ensure that there is never a dull moment in the house (unless you count Friday evenings). It took us a while to get used to living together, but we settled in and learned to be tolerant of one another.

I would like to say a big thanks to our T.O.D's Mr. Brian Denney, Mr. Norman Southward, Mr. Roger Marino, Mr. Geoff Telling and Mr. Peter Ashworth for doing a great job. I would also like to thank a great set of Prefects, Peter Atkin, Joey Parker, Brad Goodsell, Theo Ganas and Ryan Owen for making such a crowded house run so smoothly.

Mr. Marc Ayotte

WEBSTER HOUSE

Webster has a group of exceptional young ladies this year who have got along together very well and have made it a happy home to live in. They have enjoyed some of the changes by making good use of the computers, board games and completing several puzzles during their spare time.

Miss Campbell has given up the reins of Webster after six years. I enjoyed our years working together and she still spends some time with us when on duty as well as in her new role as Dean of Girls.

Miss Paradis has returned to Stanstead and joins Webster as Assistant House Director. As an Alumna she can share her experience of boarding school life with the girls and understands their needs.

The house committee has organized several events to raise funds for house activities and to make the house more comfortable to live in. We also would like to thank the prefects for their hard work and dedication. We wish all those who are going on to CEGEP and University a bright and happy future. Thanks for a great year.

Mrs. S. Telling

COLBY HOUSE

Colby is lucky to have a very fine group of individuals this year. Our Boarder population has decreased compared to previous years, nevertheless our vibrant Day students more than make up for it. The students worked very hard and most were on Headmaster's or Honours. Mutual respect and hard work were the keys this year.

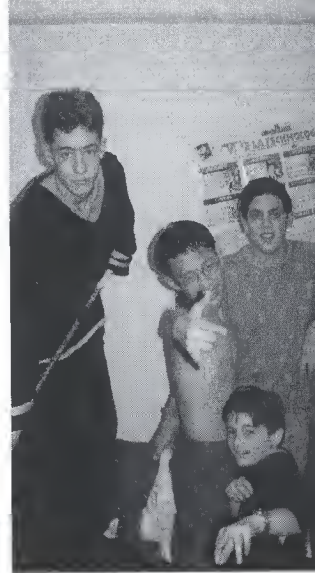

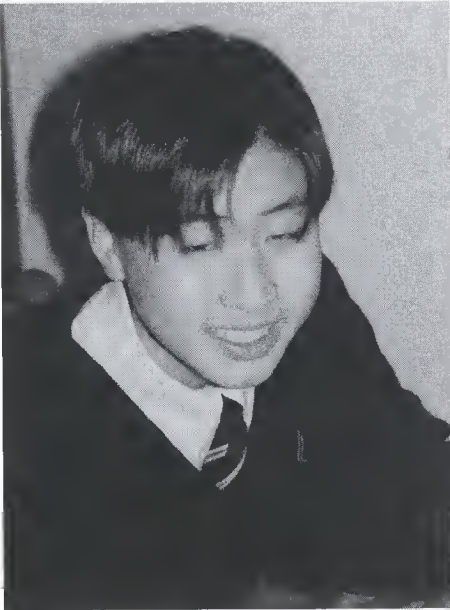

We began the year with the first ever "Colby Camping Extravaganza". We all headed off to spend two nights at Fitch Bay. While we began with rain the students rose to the challenge as Colby residents tend to do and a good time was had by all.

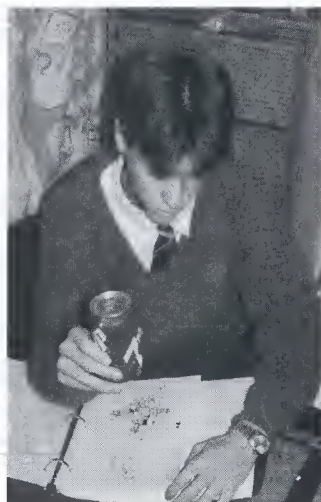

I would like to extend my heartfelt thanks to Miss Mihaljevic for making this a wonderful year for all. Thanks also to our TOD's: Miss Campbell, Miss Giles, Miss Reynolds, and Mrs. Skelton, and our prefects: Rebecca Chang, Julie Dupuis, Karine Goyette, and Napat Phisanbut. They set a fine example of responsibility, strong work ethic, and model citizenship for our junior students. Thank you to Mme. Marcotte as our extra mum for keeping us on track.

Good luck as you move on; be it graduation from Stanstead or just the transition to Webster. Thank you all for making my first year Colby House Director both memorable and very enjoyable.

MissMcCurdy

BUGBEE HOUSE

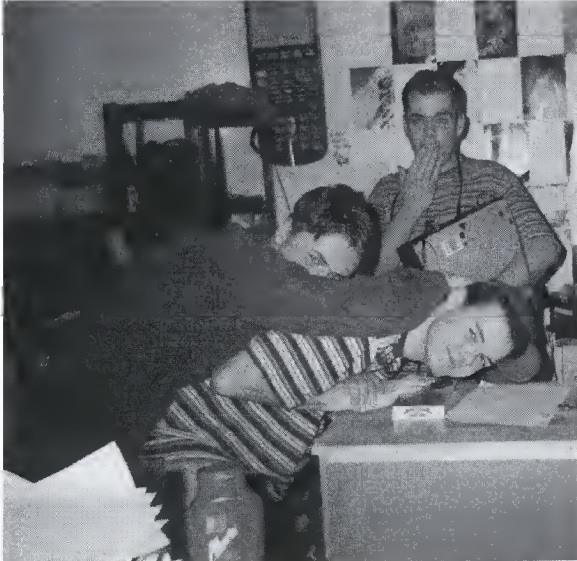

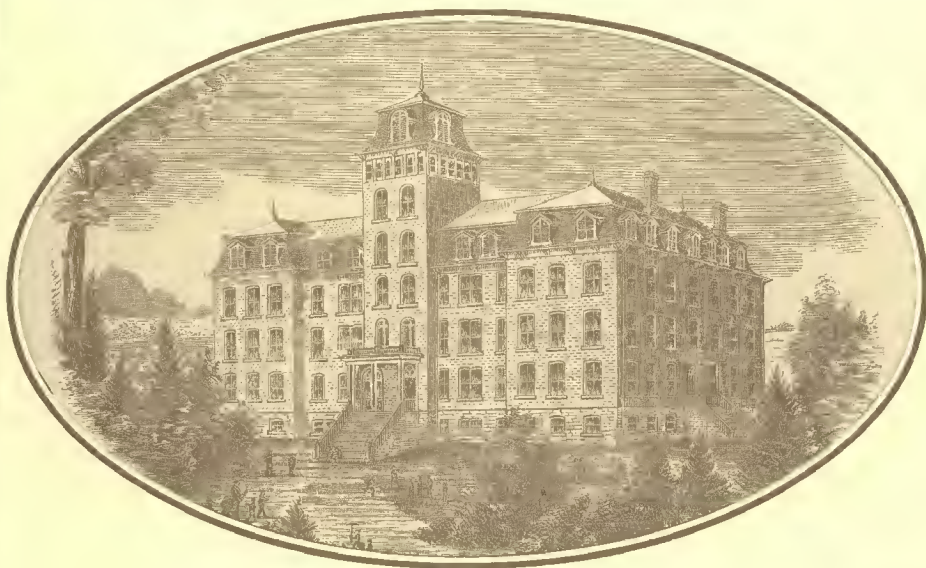

September 1997 brought with it another new group of students to the halls and rooms of Bugbee House. Due to the overcrowding of Davis, the first floor of Bugbee was once again converted to a senior floor. We were full as possible once again, with twelve day students crowded into two rooms (including the old ping-pong room) and all junior boarder spaces filled up. Prefects assigned to the house were Vince Leclerc, Brandon Chen, Marc Hetu, Brian Ogilvie, and Cam "Curly" Bonspiel. Mr. Van Dyke and I continue to rule the roost, along with a cracker-jack group of TOD's (Ashworth, Chandler, McNamara, Southward, and Williams). The newest of these, Mr. Chandler, was especially keen on challenging the boys on their knowledge of European soccer. The food committee continued the tradition of the cheeseburger sales, and Bugbee continued to be regarded (by those who knew anything) as THE house and corporation. The power outage in January was a fine example... Bugbee ingenuity had the house lit up (so bright some people were requesting sunglasses) in record time, and the MTV Unplugged CD of the sing-a-long in my office that night should be available soon.

Then . . .

125 Years of Stanstead

And Now . . .

In the Beginning...

Stanstead College Alumni Directory, 1991

In 1817, Napoleon had been a prisoner on St. Helena for three years, Sir John Sherbrooke was Canada's Governor, Sir John A. Macdonald was a two year old still living in Scotland, and the Royal Institution for the Advancement of Learning (now known as McGill University) announced that it would sponsor a teacher in a new school at the bustling stage stop on the Quebec-Boston Road called Stanstead.

The school opened in the fall. The first teacher was the Rev. Thaddeus Osgood, a Yankee Congregationalist minister. He was a good choice. Most of his pupils were American-born and most were good Congregationalists (one of the denominations which merged to form today's United Church).

Called the "Red Brick" School, the little building which could comfortably fit into a small classroom in today's Stanstead College still stands and is located about three miles north of town. The seats and desks in the College's oldest ancestor have been kept as they were in the days of Thaddeus Osgood – thoroughly Yankee, hard and enduring.

In 1829, The Duke of Wellington, England's Prime Minister, was stiffly opposing cries for Parliamentary Reform. Andrew Jackson, the President of the United States, was merrily introducing the "spoils system" into the American way-of-life, and Louis-Joseph Papineau announced that the Assembly of Lower Canada was going to provide money to support education in the Colony. Switching their allegiance from the penny-pinching Royal Institution, the Trustees applied for a grant to build a bigger and better school in Stanstead.

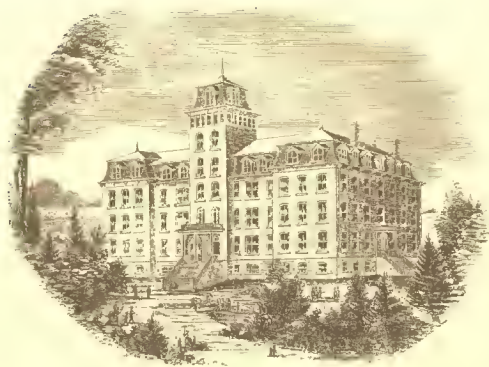

Fortunately, one of the Trustees, Marcus Child, was Stanstead County's representative in the Assembly. Stanstead was given the healthy sum of \$1,600 to build a new school. When it opened in the fall, it was called The Stanstead Seminary and had a ladies' branch and gentlemen's division and offered a full curriculum which included Natural and Moral Philosophy, Mathematics, Chemistry, Astronomy, French, Drawing, Spelling and Music.

The Seminary had its ups and downs. In 1837, rebellion broke out in Lower Canada. One of the school's Trustees, Alex Kilbourne, headed the Stanstead Loyal Volunteer Militia. Another, Marcus Child, was a Rebel sympathizer. There must have been some fiery board meetings in those days! The split between the Trustees bore bitter fruit – by 1838, the curriculum had shriveled to English Grammar, Geography, Writing and Arithmetic.

The Seminary was back on its feet by the mid-forties and much to the dismay of the students, operated twelve months of the year with a few holidays between each of the four terms. An announcement in the one year old Stanstead Journal of 1846 stating that "the Summer Term of this Institution will begin on Monday the 18th of May and will continue 11 weeks", must have been greeted less than enthusiastically by Stanstead youngsters at the swimming hole.

Two years before Confederation, in 1865, the Directors of the Seminary, including C.C. Colby and Charles Wilder Pierce, felt the time had come to revamp Stanstead's school system and discussed the possibility of building a new school. The idea, however, had to be shelved due to the unexpectedly high cost of another building project already underway, construction of Centenary Church. It would have to wait another seven years.

Minutes of the Board of Trustees Meeting, July 9, 1873
 The Directors of Stanstead Wesleyan College respectfully submit to the shareholders that the Charter passed both Houses of Parliament without important amendment and received Royal Sanction on the 24th December, 1872, so that we meet today as a body corporate and politic under the name and style of Stanstead Wesleyan College."

Laying of the Corner Stone, Stanstead Journal, Dec. 5, 1872

The corner stone of the Wesleyan College was laid on Monday afternoon, the weather being quite as favorable as could be expected at this season of the year.

Official Opening, Stanstead Journal, December 18, 1873

We take great pleasure in announcing that this institution is to be opened on Wednesday the 7th of January next. The Contractor Geo. G. Bryant, Esq. of Sherbrooke, having completed his contract, the building is now being furnished with all things necessary to ensure the comfort, and promote the health and happiness, of all who may seek the educational advantages by this "real peoples" college.

There will be a College preparatory course for those intending to graduate in our Universities; and a Collegiate department for ladies in which it is intended that natural science, the liberal arts and classical and modern languages, French especially, shall be taught as thoroughly as in our best Ladies' Colleges.

Stanstead College Alumni Directory, 1991

Stanstead Wesleyan College offered a good education at a low price; weekly rate for room and board was \$3.00, while tuition for the Collegiate Course was fixed at \$20.00! Running on this basis it is not strange that the college soon found itself in low water financially. The first 10 years were the hardest. In 1879 teachers' contracts stipulated that if the College should close during the year for lack of funds, salaries would be paid only in proportion to the time of actual services rendered.

Stanstead College Alumni Directory, 1991

The school's debt kept getting bigger – by 1880 it stood at nearly \$40,000. Until 1895, a Methodist minister was always actively engaged in collecting money to lower the College's debt. It was a full-time job!

The times were difficult for students as well. Each room was heated by a fireplace and during the cold seasons, the boys were required to get the wood for their fire. If they didn't, they went without heat.

1882 S.W.C. Convocation , Stanstead College Story

The Convocation of Stanstead Wesleyan College in June 1882 closed the school's most successful year. The attendance has been larger than ever before, showing an increase of 60% over that of last year. The total number of students enrolled is 195 and the average attendance has been 130.

In 1884, the Stanstead Wesleyan College Reunion Association was formed and records of the first meeting on April 22nd, with Rev. J.B. Saunders in the chair, show a membership of 20 ladies and 28 gentlemen. The members decided to hold a reunion at the end of the school year and the entertainment committee asked for and received an appropriation of \$5 to provide an orchestra. Unfortunately, the minutes of these alumni meetings were recorded only until May 22, 1889.

In and Around the College, The Collegian, May 1889

The Queen's Birthday was celebrated around the College. Firecrackers, torpedoes, and a midnight serenade and bonfire demonstrated the loyalty of Stanstead. The serenaders, however, were not as thoughtful as they have been in the past, for instead of building their bonfire in the road, they built it on one of the flower beds, thus spoiling the appearance of the heart for the summer. The bell pulling might also have been dispensed with, although, as the wires had been disconnected on the inside, it did not have the desired effect.

First Football Club Organized

Students have organized a football association under the name of the Independent Foot Ball Association. The first game was on October 16, 1890 between the Commercial students and the rest of the school - 2-1 for the Commercials.

1893 - The College "Heart" of those days (1893) resembled very little the beautiful plot of grass and flowers which has since become so dear to Stanstead students. At that time, it was a mess of overgrown weeds and grass. It was the good taste and enthusiastic hard work of Rev. C.R. Flanders which wrought the marvelous change in this uninviting picture. He planted every tree and planned every path

Bugbee Commercial College, Minutes of the Board of Trustees Meeting, March 27, 1894

Dr. Abel Goss Bugbee donated the residence of Albert Knight, former M.P. for Stanstead and paid to have it moved across the fields to the College grounds. His concern about the lack of government support for the education of commerce inspired this gift which helped establish the Bugbee Commercial College. He also left the commercial school \$40,000 upon his death to help with operating cost.

Stanstead College Alumni Directory, 1991

Finally came the mid-nineties – prosperous years – and things began to look up for Stanstead Wesleyan College. Thanks to tireless efforts by the Rev. A. Lee Holmes and the Rev. J. Tallman Pitcher, the year 1896 saw the school in the black. The Pierce family donated their house, Stanstead, to be used as a residence and later donated liberally to build Pierce Hall in memory of former Trustee, Charles Wilder Pierce.

Electricity! Stanstead Journal, Feb. 9, 1899

The College is now brilliantly illuminated with electricity and all the residents are rejoicing in the new light. Upwards of 175 lamps have been installed and it looks as if the time had come for some adolescent poet to tune his harp and sing to the "passing" of the kerosene lamp. The introduction of the electric light into the College is due to the generosity of the trustees and friends, stimulated by the interest and efficient efforts of the Hon. C.C. Colby, who practically took the matter in hand and carried it through.

THE OLYMPIC RINK

STANSTEAD.

AUGUST 22, 1894.

Editorial, The Clarion, July 1899

The Clarion wishes to express, on behalf of the teachers and students, the high appreciation entertained by all for the continued kindness and hospitality of the citizens of the Three Villages. The valedictorian of the year fittingly calls attention to the fact that during the past session, the thoughtful consideration displayed toward the College people has been more marked than ever before. They certainly feel that "the lines have fallen to them in pleasant places; that they have a goodly heritage." No community has pleasanter homes; and no homes a more refined and delightful social life.

On the 2nd of November, one of the most delightful events of the season took place in the College parlors, the chief feature of the evening being the costume party. It would be impossible here to describe all the beautiful costumes that were represented, in fact nearly every character was in order, from a bootblack to Kruger and Sir Wilfred Laurier. There was a great deal of taste display, not only by the young ladies but also by the young gentlemen who dressed well and acted the persons they represented to perfection. After indulging in promenades and College songs, the students retired feeling that among the pleasant features of Stanstead College life, few are more enjoyable than the Hallowe'en costume party.

Sherbrooke Daily Record, Oct. 4, 1901

The corner stone of the Pierce Memorial Hall will be laid next Saturday at three o'clock in the afternoon. The stone is to be laid by Mrs. Mary Pierce and addresses will be delivered by the Hon. C.C. Colby, D.W. Davis, Rev. G. Ellery Read and Rev. Mr. Howitt. All friends of the College are cordially invited to attend.

Stanstead College Prospectus 1920

In established the Eastern Townships Conservatory of Music in 1902, it was the aim of Stanstead College to found a school of music in the Eastern Townships which would place within the reach and within the means of the young people a broad and thorough musical education.

Holmes Model School, Stanstead College Story

The Horace Holmes Memorial School was opened on Friday, January 16th, 1903 and marks the beginning of a new era in the public school work of this community, thanks to donors the Rev. A. Lee Holmes and Mr. Charles Holmes.

1905 Sunnyside Castle (Ladies Residence)

Sunnyside Castle, Stanstead College Story

Mrs. Mary Holmes and Miss Elizabeth F. Pierce donated their homestead "Sunnyside" as a home for young ladies of the College in 1905.

Gymnasium Fund, Stanstead Journal, March 30, 1905

"The banquet at the College last Saturday (March 25th, 1905) was a great success and thoroughly enjoyed by all. About one hundred and fifty teachers and students assembled in the parlours a little after six o'clock and from there went to the dining room which was pleasingly decorated with carnations and smilax. After the oysters and their accompanying train of good things had satisfied animal cravings, the guest turned with no less relish to the toast list. The (debating) contest raised \$840 on behalf of the gymnasium. The handsome sum of money realized speaks for itself as to the energy and business resource of the teachers and students, but also testifies to the helpfulness of the friends of the College who have responded once more generously to appeals for help. We cannot however, refrain from special mention in the case of Mr. Dobson. With him the scheme of raising a Gymnasium Fund originated and to his quiet, faithful, never-failing effort we must credit most of the success of the movement up to date.

J.D. McFadyen came to Stanstead College to teach penmanship and bookkeeping and became head of Bugbee Commercial College in 1905. He retired in 1949 and perhaps the motto of the Bugbee Business College typified his life "The elevator to success is not running, you must take the stairs."

Roll of Honour, 1914-1918, Stanstead College Story, (page 119-120)

Practically every boy of military age at Stanstead College and some who were not, volunteered their services, 32 of who gave their lives. The Roll of Honour "Killed in Action" - Stanley Aldrich, Philippe Bieler, Arthur Bishop, Carl Brown, Edgar Christie, Albert Carter, Stanley Cooper, Wesley Dorman, Edward Dyer, Royce Dyer, Clarence Elliot, Sidney Ellis, Charles Flowerday, John Harper, Milton Haselton, Robert Haselton, Earl Ingalls, Melville Kearns, Henry Lockhart, Wayland McRitchie, Forrest Mitchell, Guy Montle, Charles Mooney, Wallace McCullough, Leslie Parker, Jerry Pettes, Norman Planche, Percy Ross, Arthur Roy, Charles Smith, Theodore Smith, T.E. Sunbury.

For the duration of the war, the Stanstead College Magazine reported news of students and teachers serving in many areas of the world: on a mine sweeper from Portsmouth, at the Battle of Vimy Ridge, received the Distinguished Flying Cross for gallantry as a Bird-man, served at Vladivostock, went to France with the American Young Women's Christian Association, killed in an aeroplane accident.

In 1919, a kitchen fire in the annex of Bugbee Business College necessitated a remodeled version of the building. Registration at the time was only 73 and a steady decline in enrolment was first noticed.

Stanstead College Jubilee, Program June 8 - 15, 1922

In the year 1873, Stanstead College was organized and started on its way by men of vision and faith. For fifty years it has consistently stood for a high ideal in the work of character education. During these years, several principals, many different teachers and hundreds of students have pressed forward earnestly toward this high purpose. The measure of success attained has been made possible in a large degree also by the splendid generosity of loyal friends of the College who have stood by in days of adversity as well as in times of prosperity.

In the year 1923 Stanstead College, with well founded optimism, is making plans for another half century of service, but greater than that of the past. Its hope is to become known as the "College of the Four-fold Life". Its ideal will ever be to help its students to develop mentally, physically, spiritually and socially. The unique opportunity of constant and close associations between teachers and students is its responsibility. It is one of Canada's best home schools and as such unhesitatingly calls for the cooperation of every member of its Alumni and the good will of its multitude of friends.

The Jubilee Commencement began on Friday evening, June 8 with the annual reception for students and friends which was attended by over 300. Saturday there was a Recital in Pierce Hall by Junior Pupils of the Eastern Townships Conservatory of Music, a Baseball Match (\$.25 was charged to assist the Athletic Association), an Alumni Association Meeting followed by a reunion supper and at dusk, "Revels of The Queen of May", a Greek costume play was presented on the "heart" in front of the College.

The annual Baccalaureate Service was held on Sunday, June 10th. Monday began with a Lawn Drill by the Girls Athletic Association, followed by the finals in a tennis Tournament. The Cadet Corps Inspection took place early in the afternoon and was followed by a baseball match between the "old boys" and the 1922-23 team.

The Jubilee Banquet ended this special day. A gracious welcome from the faculty, music from the College orchestra and delicious refreshments were the ingredients for a very social reunion. Over 400 friends of the College assembled in a large tent pitched just east of the main building, where the evergreen trees furnished a pleasing setting for this outdoor enclosure. Sir Arthur Currie, Principal of McGill University was the Guest of Honour.

Leonard McGilton began his long association with Stanstead College as bursar in 1926. His wife Ruth was the school nurse. When he retired in 1961 after 35 years of unbroken service, F. Gordon LeBaron said "He has been steadfast, loyal and devoted. He has been a tower of strength to this school whether the day was cloudy or bright - a friend who enriched my own life."

College Main Building Destroyed by Fire, Stanstead Journal, June 2, 1938

The main building of Stanstead Wesleyan College, a five story granite and brick-cased structure erected in 1872 and for 28 years the only building of consequence on the College campus, fell prey to fire Saturday afternoon (May 28th), and with it went most of the furnishings, including books, records and valuable furnishings, many of which had been brought over from "Sunnyside" after that stately structure had been received as a gift from the Pierce and Holmes families. There were three academic classrooms, three parlors and offices on the main floor and teachers' quarters, boys' rooms, girls' rooms and gymnasium above, with kitchen, dining, recreation and store rooms in the basement.

Canadian National Telegram - May 31, 1938

Very sorry to hear the sad news relating the destruction by fire of the Wesleyan College stop please accept the deepest sympathy of the Prime Minister and the Government of the Province of Quebec

Stanstead College Plans to Continue Normal Activities, Montreal Gazette, May 30, 1938

Stanstead. May 30 - Surveying the loss of the main building gutted by flames originating from an overheated chimney, the trustees of Stanstead Wesleyan College are meeting here today to study their future course of action in restoring the veteran educational institution to its former state of efficiency.

Only a few brick pillars, situated at the various corners of the building remain today to bear witness to the once-proud edifice which formed the centre of activity for the institution. Housed herein were several classrooms, the dining and recreation halls and the dormitories for the boarding students.

The Great Fire, Stanstead College Story

Helping hands were extended from all directions. A supper prepared for the Golf Club was turned over to the College and served in the hall of the Centenary Church. Girls were installed in the Old Inn in Stanstead, boys in St. Joseph's Hall in Rock Island ("Joe's Place"). Home were provided by generous citizens for all Grades 10-12 students so these young people could write their final examinations of the year.

Colby Building Time Capsule laid Stanstead Journal, November 11, 1939

Time Capsule Contents: Dr. C.W. Colby's address, Dr. Amaron's report on Campaign of Funds, List of Platform Guests, Copy of the 1939 Annual, The College Prospectus, 1939-40, a campaign pamphlet, a Cornerstone Ceremony invitation card, copies of the Stanstead Journal, Montreal Star and Montreal Gazette, World War I Honour Roll, collection of coins and stamps, one poppy and a newspaper clipping describing the fire which destroyed the old building.

Reminiscing with John Morton, '38 "I was, of course, very involved in the fire of '38, as one of the students who volunteered to be a part of the bucket brigade pouring salt down the chimney that was on fire. As a matter of fact, I was the last man in the chain pouring salt down the chimney that was on fire when a tile broke away and a lick of flame seared my foot. We knew then that we had lost the battle and scurried down off the roof. I immediately went to my room which was directly under the bell tower and tossed all my belongings out the window, hoping to be able to retrieve them once I was out of the building

New Building Opened, Stanstead College Story

The new building (Colby) was opened in April 1940. Five stories high, it was fire-resistant with good lighting and ventilation and controlled heat. Dining room, kitchen, reception room, library, boys' recreation room, girls' locker room and offices were on the ground floor: classrooms, domestic science room, book room, infirmary, married teachers' quarters and boys' locker room were on the second floor. On the third floor were girls' residential quarters, girls' common room, married teachers' and lady teachers' quarters and on the fourth floor, boys' residential quarters and men teachers' quarters. On the top floor were two small classrooms the physics and chemistry laboratories and trunk storage. April 1940

1944 "The war may not be won on the playing fields of Stanstead but Stanstead College Athletes are to be found in considerable numbers on the battlefields all about the world. In the boys' recreation room one may see the picture of the 1938 championship football team. There are 23 boys in the picture and every one has donned an allied nation's uniform." Dr. Amaron

Another Fire, Stanstead College Story

Eleven years after Colby House was built, Stanstead College was the victim of another disastrous fire. On December 31st, 1951, at about 8:00 a.m., a fire of unknown origin broke out in Pierce Hall, the home of the eastern Townships Conservatory of Music. By 10:00 a.m., the Hall was largely destroyed. A grand piano and the memorial pipe organ were the most valuable items burned.

In spite of limited facilities, the Conservatory of Music carried on. Pianos were located in various buildings and chapel services were conducted in the classrooms.

A far-reaching Influence (Editorial on Dr. Amaron's retirement) Stanstead Journal

Dr. Amaron and his wife have ever been popular with the student body and the staff, entering into every phase of the life of the school and the community. To all of us who attended Stanstead College between 1931 and 1953 they will be part of a cherished memory. A phase in our lives which has made a deeper impression than most of us thought possible (Lloyd Bliss)

In 1956, the Trustees launched a major fund raising drive with an objective of \$400,000 and once again, friends of the College were most generous in their response.

Bugbee Business College Red & White Bulletin

Decreasing enrolment in the Bugbee Business college forced the Trustees to make a decision about the business school's future and so in 1957, Bugbee Business College amalgamated with Stanstead College. The actual structure of BBC was replaced with the Bugbee residence in 1958 where Dr. Bugbee's memory is maintained to date.

Amaron Gymnasium Officially Opens in May of 1965, Stanstead College Story

Dr. and Mrs. Errol C. Amaron cut the ribbon for the official opening. Headmaster Cayley felt the new gymnasium was a sign of progress; it lived because of the past and was named after the Amarons who had contributed so much to the College's history.

Yearbook, 1965 Editorial by Peter Sharp

The year of 1965 will go down in history as the Year of Protest. All the way around the world from Berkley to Buenos Aires, people were demonstrating and protesting. These demonstrations ranged from a support of the Arms Race to the banning of the Bomb. However, there was one common denominator in all of these riots and protest. They were all, practically without exception, led by students and young people.

It cannot be denied that the youth of today are under certain pressures. Among these is the dollar complex whereby one must think of himself as a mere income earning machine. Also, there is a pressure to obtain not only a good education but a status education. We must not forget that there is a war being fought and the effect of this on the youth of today cannot be calculated. But are these pressures enough to warrant the rebellion against any form of discipline in the guise of a protest march.

If not the, we must come to the conclusion that there is something disparately wrong with the character of the youth of today. There seems to be an almost intangible something missing. This missing object is discipline and it needs to be found very soon if we as a continent and nation are to emerge unscathed at the end of the present decade.

Here at Stanstead, discipline is a matter of course and is not questioned to any great degree. We are literally immersed in it from the moment we arrive until we leave. Through this time, those who adjust are given positions of limited responsibility where they administer discipline. It is therefore in this way that we may come to grips with the matter. Can we as a graduating class say we are any different from those who burned draft cards in California or from those students who actively support dissension around the world? Yes, I think we can look upon ourselves as different. No matter what any may say about a boarding school education, it has to be admitted that it prepares one for this world by instilling in them a strong

sense of responsibility coupled with a knowledge of how to accept discipline. If we have gained this from our years at Stanstead, then the school has succeeded in what it set out to do.

Recreation Centre Opens, Yearbook, 1968

On January 20th, the school gathered on the steps of the old Gym for the official opening of the Recreation Centre. This student project was started last year but ran into several difficulties, delaying its completion. It involved the transformation of the old gymnasium into a recreational complex which includes a games area, lounge, tv room, board room, hobbies room and a tuck shop. The Annual Wine and Cheese Parties have raised money for the building and furnishing of the Centre. The Centre is now under the jurisdiction of the Student council. Hesitation over naming the Centre has led to it being called the "Rec Hall".

Mrs. LeBaron cuts Ribbon to open new LeBaron Hall, Stanstead College Story

In a glowing tribute to the late Gordon LeBaron on Saturday, November 2, 1968, the new LeBaron Hall was dedicated at Stanstead College, making another milestone in the progress of the school.

Reminiscing with Bill Palmer '67

Hemm, special recollections of Stanstead? Cadet inspection in May of 1966 when we had to get up to seep the snow off the parade square, physic lab in the attic of Colby House where Mr. A.P. Gordon had all kinds of treasures, including an atomic cloud chamber, lots of sound pipes, pulleys, levers, lenses, lights and son...it must have impressed me as eventually I became a nuclear engineer, Mrs. G's table for meals and her favourite saying "There's noting new in the world", collecting travel posters for our rooms so there was no square inch unposted after Tony Stewart I had finished and watching the Toronto Maple Leafs win the Stanley Cup down in the TV room...hey, it was the last time they ever did, too!

The Centennial evening at the Windsor Hotel in Montreal brought together more than 500 alumni and friends of the College not only from different cities but from varying years, the grads from 30's, 40's, 50's, 60's, recent graduates and those who are working on their graduation from Stanstead College.

Coffee normally marks the end of a meal or the end of a party. Not so on February 9th. As the waiters hectically served up 500-plus coffees, Nancy Graham-Pugh led the "congregation" through a tremendously off-key rendition of the Stanstead College Alma Mater. The melody was butchered and some of the words were mumbled according to memory, but it didn't matter. It wasn't the song but the thought that counted. And the thought was all there. All together. All Stanstead.

Dedication: Mr. Ralph B. Hood - Donor of Swimming Pool, Yearbook, 1974**Board Preserves Control over College's Standards and Policies, Stanstead College Alumni Association Newsletter, 1977**

Stanstead College reached a significant crossroad brought about by the restrictive enrolment clauses of Bill 101, which limited the available government grants under the Quebec Private Education Act. In order to preserve the freedom to maintain independent control over Stanstead's educational standards, enrolment policies and future existence, the Board of Trustees took a courageous stand by deciding to no longer accept grants under any those circumstances.

**Operation Life-Line, Yearbook, 1978**

Stanstead College which ten months ago announced it would no longer accept provincial government grants in order to maintain complete control over its enrolment policies, has now launched its fight for L.I.F.E. L.I.F.E., representing Long-Term Investment Fund Endowments, is a major fund-raising campaign with the objective of raising a capita investment fund.

The essence and spirit of Stanstead is rooted in this one paramount attribute - freedom from interference by outside sources...independence! Without independence our school would not be the Stanstead College we know today!"

At the annual general meeting of the Board of Trustees of Stanstead College, Mrs. T.H. (Peggy) Montgomery was elected Chairman of Board. This recognition is particularly significant as it is the first time since the founding of Stanstead college in 1872 that a woman has been so honoured.

Mrs. Montgomery (nee Lamb) has had a long association with Stanstead College. As a student, she received her elementary and secondary education at the College and more recently has effectively served twelve years as a member of the Board of trustees.

**SPECTRUM, Yearbook 1987**

By the looks of things, this year's SPECTRUM is probably the best yearbook that Stanstead College has ever seen. Through previous learning, and good organization, we were able to fully make use of much that was available to us from Jostens. This accounted for a large part of our success.

A special mention should be made of those who worked so hard with the advertising campaign. By the first week in January it has surpassed last year's record and was soaring to new heights. Well Done, guys!

I would like to thank both Mr. Duncan and Mr. Ashworth, our advisors, who were patient and generous in their disposal of advice and spare time.

Carola Bunge, Editor-in-Chief

Prefects, SPECTRUM 1988

Stanstead College...a place which will linger in our hearts for years to come. With the first female Head Prefect in many years, this year started on the note of changes. One change was undoubtedly the arrival of new Colby and Davis House Directors. As the 'oldies', the prefects greatly helped in establishing in everyday routine. There were also shifts in the existing system which were geared towards image. House prefects permitted more students to participate in the day-to-day workings of the school and yet enabled school prefects to retain much of their responsibilities.

But what is a prefect? Is it the person who keeps forcing hymn sheets down your throat or who threatens to knock you down if you don't get to bed on time? No – a prefect is the one who is there when you have troubles. A prefect is available when the going gets tough, when tears are not far away or when the greatest thing in the world just happened! The prefects interact well with both themselves and the student body. They are visible role models and very involved in all aspects of school life.

Being such a small compact group allows us to work together in fulfilling a common goal – to make Stanstead the best place it can be. Between duties, meetings, and other important events each and every one of us finds time to make the special effort which makes the difference between a good prefect and a great one. A good example of this was the winter carnival organized by the local three villages. Not only did the prefects show up enthusiastically, but also they managed to involve other students committed to helping.

Thank you all for your energetic time and effort at what is actually a way of being rather than just a job performed when on duty. Akua Akyea, Head Prefect

**Reminiscing with Alex Redman '87**

I can recall many special moments shared at Stanstead, many were formative. I would have to say that classes with Captain Howard made the biggest impression on my life – we explored and experienced many a novel together that I otherwise would never have read. I can remember War stories and life experiences shared which to this day no other teacher has given the care to share. I must say I miss those days!

125th Birthday Greetings from Keely Mundle, Class of '98

Happy 125th Anniversary. Stanstead College has given me a chance to explore new opportunities and test my values and convictions in a multi-cultural setting. I've made many good friends from and around the world and this has taught me that we are all very much concerned with the same issues of racism, violence and the status of women.

And from Simon Petraki, Class of '99

Best wishes to Stanstead College. I have met plenty of new people and I have had great teachers. I am quite sad that Mr. Philip retired - he was a great teacher and a nice guy! I think the school has done some fantastic renovations, especially the Tuck Shop, we all appreciate it.

John Colby commands a very special place in the Stanstead College community. It is his family who were among the founders of the school and John himself has played a very active role over the past forty-five years. After joining the Board of trustees in 1954, John was occupied virtually all of the key positions, including that of Chairman, and most recently by serving as the Chairman of the recent capital campaign which did so much to improve the facilities at our school. This year John retired from an active role on the Board and was honoured at a special dinner at the University Club this past January. His friends and colleagues took this opportunity to raise funds for a scholarship in his name which will be awarded for the first time this June. I know that all of you will join me in offering John our deepest thanks for his dedication to the school over almost half a century.

Long Weekend Trips

S pring Break Trip To Europe

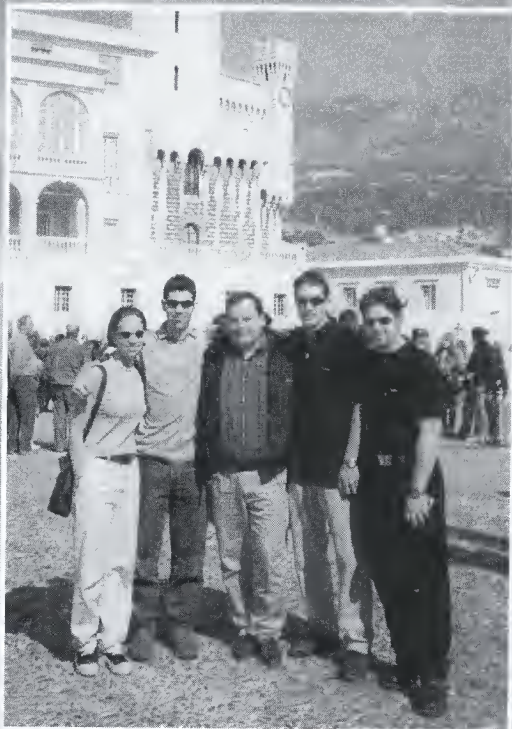

This year's March Break trip was to England and France. It was the first time in our many years of travel that we made more than a stop-over in England. It was well worth the visit! We all loved London, a great city with so many things to see and do. We became experts on navigating on "the tube". Some of the groups were lucky enough to catch a live performance of "Miss Saigon". Others shopped at Harrods's, visited Madame Toussaud's Wax Museum, the Tower of London, Stratford on Avon (Willy's Place), Buckingham and Kensington Palaces, and, of course, the original Hard Rock Café.

We boarded the Eurostar train and in a few short hours we were in Paris. Though our previous school trips had visited Paris before, we saw many new sights on this trip. The students wasted no time in learning the transit system of Paris and were soon at the Eiffel Tower and the Champs Elysees. Another TGV train ride and we found ourselves in Nice. Here, we visited Monaco – the palace, the F1 circuit, the casino, Grasse and perfume factory; Cannes – home of the world famous film festival; and the city of Nice itself – the Russian Orthodox church, the Franciscan Monastery and the flower market. The students lounged on the beach and the Promenade Des Anglais and spent a relaxing last few days before we headed back to Canada.

The 1997 edition of the Senior Football Spartans enjoyed its most successful season in recent memory. The team completed its 9 game schedule undefeated, scoring an average of 35 points per game. Major accomplishments by the team included winning the Senator C.B. Howard cup by defeating B.C.S. in all three regular season games between the two rival schools, the E.T.I.A.C. banner for first place in regular season league play, and retaining the J.C. Ellyson trophy by defeating Alexander Galt 36-0 in the post season championship game. Once again, this year the team was endowed with outstanding leadership in the form of our team captains Brad Goodsell and Joey Parker. Teamwork, discipline and sportsmanship are the other qualities that come to mind in describing this talented group of athletes who together formed such a successful team. Congratulations.

1997 was a rebuilding year. With only six veterans returning, it took a lot of heart to even stay close against more experienced teams. As in previous years, we saved our best for tournament play where, to the girls' credit, we overachieved. At the CAIS Tournament we preformed well, finishing with a 2-3 record after making a serious bid for the Division "B" banner. We almost won our own Stanstead Invitational, losing 1-0 to eventual champions LCC in our best effort of the season. Congratulations to Senior "S" Winners Julie Dupuis, Andrea Page, and Nathalie "Yellow Card" Beliveau for their constant effort, skill, and determination. Special congratulations to Major "S" and trophy winner Katherine Verreault, the captain who kept the team together throughout the season with her leadership, and never-say-die attitude and consistently inspired play.

As a whole, the 1997 version of the Senior Girls Soccer Team played with heart, pride, and class, which is all a coach can ask for.

The 1997 Senior Boys soccer season was a tale of two stories: The C.A.I.S. Tournament held in Montreal in October and the E.T.I.A.C.

Although the Spartans posted a one win and seven loss record in E.T.I.A.C. league play, three losses were by narrow one goal margins. If this wasn't enough, those winning goals were all scored with less than five minutes left in the game! Stanstead provided strong opposition and were not an easy push over for anyone.

Despite losing to U.C.C. at the C.A.I.S. Tournament in Montreal, Stanstead played their best quality game of the season. The skill level, intensity and team work displayed was first rate. Back to back wins over Selwyn House and Albert College, boosted the confidence level of the team and was a continuation of the high standard the team had set for itself against UCC.

I had the pleasure this year of coaching a great group of girls who not only had lots of potential and talent, but were also determined to work hard and to improve their skills. Even though the girls were often faced with tough opponents, they always gave their best. Win or lose, they took every game as a challenge and a new learning experience. Finishing third in the overall standings in the league was our ticket to the semi-finals where we played, by far, our best game. The hard work and long practices seemed to pay off as the girls really gave their all, narrowly losing a heart-breaker 1-0. Nevertheless, I was extremely proud of them and we all walked away with our heads held high. I want to thank everyone who contributed to making my first season a very memorable one. Congratulations to the Junior "S" winners: Marie Pier Germain, Tamara Jacobi, Louise Chavarie, Renee Leblond, Megan Lill, and Sarah Elliot. A special thank you as well to my manager, Fernanda Echeverria. I am already looking forward to next season.

The highlight of an extremely enjoyable and productive season came during the E.T.I.A.C. playoffs at Lennoxville on Saturday November 1st. The team, which had started the season with some rather disappointing results in the opening tournament of early September, came through with a strong performance to beat B.C.S. by four goals to one in the semis and gave Galt a good run for their money in the final itself. All the teams at the Junior level were very strong and competitive so that every game was a challenge for both sides and therefore exciting to watch and to coach. A core of talented players kept the Stanstead team dangerous at all times and there was only a narrow margin between goals for and against in the League matches. This was an extremely responsive and rewarding team to work with and thanks goes to each of the twenty-one members for their cooperation and hard work. The assistance of the Senior Boy's coach, Mr. Graham Chandler, was also greatly appreciated, especially on playoff day.

The soccer season began the girls were keen, they were tough. Oh no oh no! There's not enough. Soccer's our sport we want to stay. Can we practice even if we don't play. We practiced our skills we tried out for positions. That we cover our area was Miss McCurdy's ambition. We played with spirit we played our best. To win one game that was the test. Then came the day our secret weapon was found. Chocolate chip cookies fresh baked, warm, and round. Richmond they were and Stanstead was high. With a major sugar rush we'll try more and we were ahead. Richmond soon knew they had Stanstead to dread. Our defence was strong our halfbacks were fast. We held them off and we won at last.

Thanks to the Bantam girls for an enjoyable season!

This year's Bantam Boys' team worked hard enough to put themselves near the top of the E.T.I.A.C. league, losing only to MVR and Davignon in league play. It was only due to a dubious pool system that Stanstead was kept out of the playoffs. Some inspirational play from Bantam "S" midfield Keith Nunziata and forwards Peter Wood and Luis Palacios helped keep our opponents worried. Bantam "S" winner Massimo Marino showed how much attitude (and the occasional goal from outside the box) can change a game. Solid defense from the Retchless-Mosely-Rich-Garcia quartet was anchored by our latecoming goaler, John Labaree. If this year was any indication, next year's team should prove to be an E.T.I.A.C. powerhouse. Congrats to the whole team and thanks for a good season.

This year's Cross Country team consisted of an enthusiastic group of 26, ranging from returning pros to novices. They ran with spirit in everything from beautiful June-like sun to a January-like blizzard! The medal tally frp, pur four meets (2 at BCS, One at Galt and one at home) was an impressive 4 golds, 6 silvers, and 6 bronzes. Our MVP and "Major S" winner Charlie Roche brought in four of these, finishing the season with two first places and two second places in the tough Senior Boys' division. Moeri Mizutani, one of our "Junior S" winners went for the complete medal variety., finishing third, second, first and first respectively, In the Junior girls' category. The other "Junior S" was awarded to Meagan Heath, who despite injury pulled two silver medals and was an enthusiastic team player throughout the season.

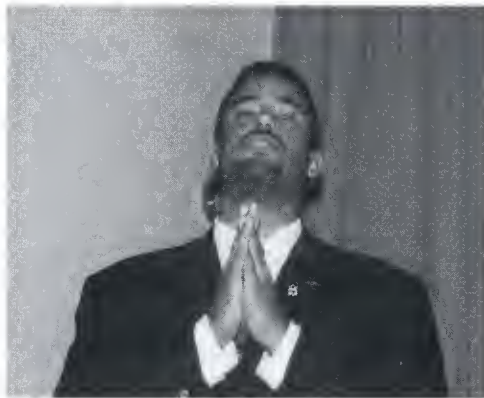

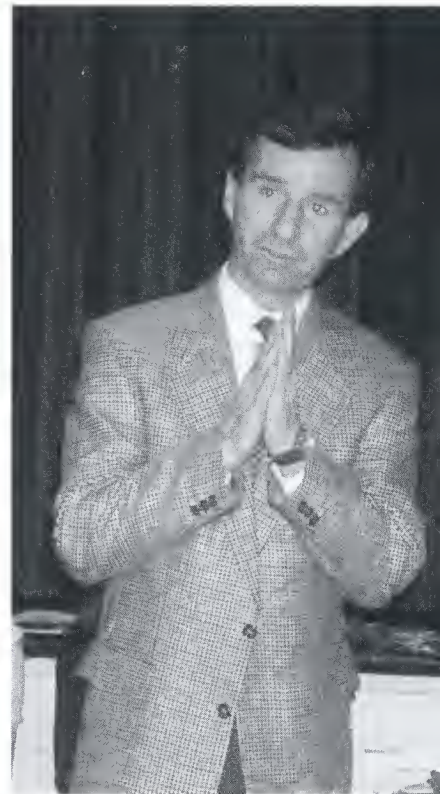

Congratulations to the whole team for the effort they put forth and their great sportsmanship.

The 1997-98 season proved to be another very successful campaign for the Spartans. Ten very talented newcomers joined ten players from last season's championship, going undefeated in league play. After only 5 practices and a single exhibition game, the team travelled to King's Edgehill to face very strong opposition from Nova Scotian and Manitoba. Although the Spartans managed just one win in the three games, their inspired effort against teams that had already played twenty games, gave reason for optimism. Stanstead proceeded to win both the Loyola and Howard S. Billings tournaments, beating the host teams in each of the finals. I would like to thank Roger Marino for his invaluable assistance again this year, as well as all of the players and managers who sacrificed a great deal to make the 97-98 season special.

This year's edition of the Senior Spartans failed to achieve its potential. At the BCS Tournament, we had two victories and played well. We won three games during the season. We were winless in ETIAC league play and didn't qualify for the ETIAC playoffs or for the Anderson-Bailly Tournament. When we played as a team and used the offenses and defenses properly, we could put together a nice performance, as we did against the Massey-Vanier team towards the end of the season. Jason was the workhorse for us at both ends of the floor. Roger had the skills to beat people and be productive but often let others dictate the pace of the game or tried to do too much. Aaron had the nicest skills and developed confidence as the season progressed. Watt was our most improved player, and Ryan Owen our most consistent. Cosmo and Watt provided our comic relief. Thank you all for your effort this past season.

The season statistics were impressive. In a strong ETIAC league, we finished 3rd out of 5 teams. We also qualified for the A-B Tournament in Quebec City by beating Richmond both times we met them. We won the Silver at the 12-team BCS Tournament, and we won our own Invitational Tournament for the first time ever. But, unfortunately, our Silver Medal at the BCS Tourney would have been Gold if not for 2 BCS free throws with 2 seconds left. Even worse, at the ETIAC semis we saw the winning basket beat us with NO time left on the clock. And at the A-B, we lost the semis in overtime, barely missing what would have been an unprecedented Visser-McLeod qualification. I hope the players will remember this: we were quite successful, we played exciting team basketball, and we learned how to work hard AND smart on the court. We played our best basketball when we needed it most. Congrats to Megan for her Senior "S", and to Andrea, Robin, and Anne for their Major "S" Awards. Thanks to the entire team for my most memorable (and hair-graying) season ever.

This year has been a little different than years past. Due to a restructured program we are able to have a larger team of 14 boys, instead of 8. It is very gratifying as a coach, to see more students get involved in a sport that can be played all their lives. With the enthusiasm that these players showed this season, I wouldn't be surprised to see students come back on alumni day in 10 years, complete with their squash equipment ready for a game. Many players didn't wait for the season to start in November to play but were on the courts early in September. It was great to see everybody play at the high level we played and get better as the year progressed. Though our tournaments were relatively few, we were fierce competitors and the hard work really showed when it came to playing mainly BCS. I am proud of our players in every aspect, but I must say that the sportsmanship and dedication of the Stanstead Squash team was nothing short of extraordinary. Every player contributed to one of the best seasons I ever had and I want to thank the players for lots of great squash. Congratulations to Peter Atkin for earning the Squash Award. The winter season is over and once again Stanstead has produced a large and exciting swim team. This year's team filled all six categories of competitors, meaning bantam, midget, and senior in both boys and girls. The team competed in two leagues this year. The first was the ETIAC league with Massey Vanier, BCS, and Stanstead. Here we placed second behind Massey Vanier. In this league nearly all our team members qualified for the championship meet hosted by Stanstead. The second league was the GMAA of Montreal. Here we competed with thirty schools from the Montreal area. Although placing high in this league is very difficult, we did have some individuals that swam exceptionally well. In the championship meet the team came away with two second place finishes and numerous finishes in the top ten. We would like to take this time to thank the team for an exciting and enjoyable season. We would also like to wish those team members that will be leaving us this year, all the best in the future and thank you for your hard work and dedication.

This year proved to be an exciting one for those on the team. With a combination of bantam and junior players, the group demonstrated what it takes to build a successful team. For the first time in many years the team beat both MVR and RRHS. Year-long hard work paid off with a berth in the playoffs. It is at this time that I would like to thank my veteran players, Brigitte, Lesley, Lucille, Meagan, Olivia and Samantha for the help and encouragement they gave willingly and unselfishly to the "rookie" players. These six girls certainly made my job as coach much easier. To those who will move up the ranks next year, I say farewell. You will be greatly missed. For those who I will be coaching again, I look forward to more laughs, much fun and great basketball. Congratulations to Louise, Moeri, Sarah and Tamara for winning their Junior "S", I think the whole team for a fantastic season.

This year was the first year in several years that the Baby Spartans were not guided under the expert tutelage of the "Coach", Alex Philip. With these big skates to fill, Mr. Chandler and I took on the task of working with a combined group of players from Grade 7 to 11 with varying ability levels. We had a very full exhibition schedule with games against BCS, Galt, and the Border teams. We were successful more often than not. What was striking about our group was not wins and losses, but the amount of fun that we had and how much the kids improved through their hard work and dedication. Certain players should be singled out for their leadership and development, including Junior S winners Jorge Carvalho, Jean-Sebasien Gagnon, Jean-Nicolas Verreault, Manuel De La Rosa and Bantam S winner Ethan (don't call me Richard) Henry. Mr. Chandler and I would like to thank all the guys for a great season and special thanks to Y-J Oh our manager and to Mr. Mike McNamara for his great help and advice.

It's been a season of rebuilding for the junior boys' basketball team, with only 4 members of this year's squad being of junior age. In spite of the age gap between ourselves and our opponents, we showed what teamwork could do for the spirit and the scoreboard. Lowpoint: Playing BCS in our final game only to have the opponents run an illegal zone defence, resulting in our loss in spite of our protests to officials. Even against their illegal defence we managed to lead the game at half-time by eight points. Highpoint: After losing to BCS in our first game of the season, beating them in tournament play by a single point. I tip my hat to: Brian Chen for learning to dribble as fast as he runs. He went from averaging 2 points per game to 12 points per game. Jim Chang, Peter Shen, & Kyohei Yoshiike for not being afraid to shoot the ball and Emmet Mosely for improving his ball handling exponentially with each game. Hope to see you all again next year. X-Country Skiing

Coach: Mrs. H. Bardati

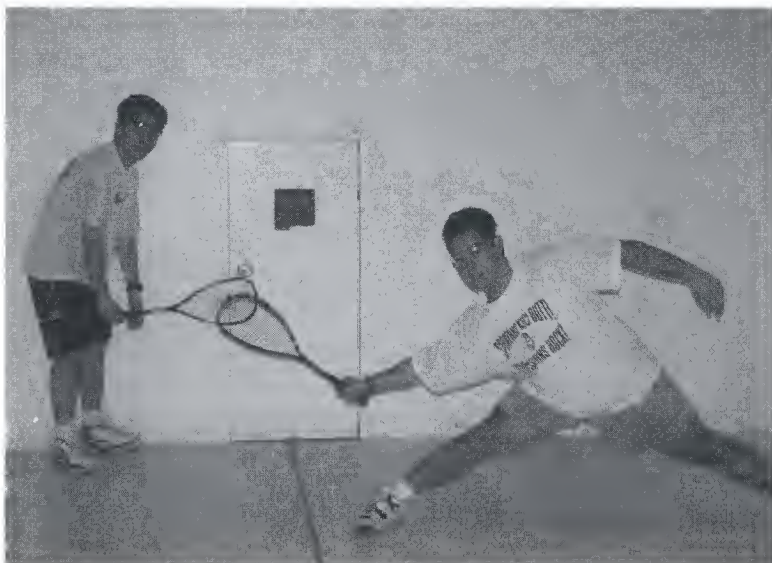

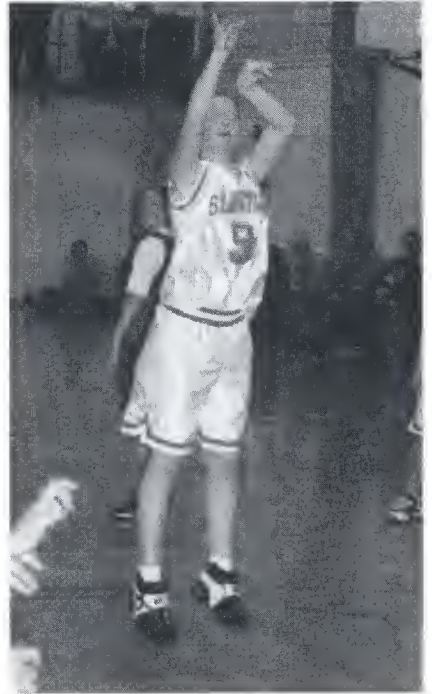

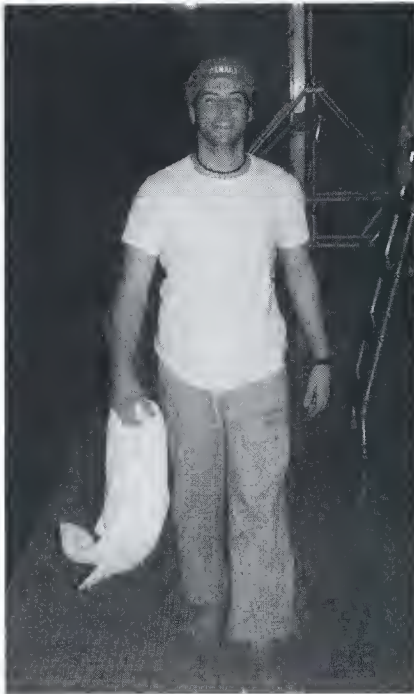

This year's X-C Ski Team has been quite different from last year's. Last year, we had almost 50 members - a quarter of the school's students - and a varying degree of interest in skiing. This year, the team has had 11 members; a very reduced team, but doubly keen on skiing!

Not everyone on the team is competitive - most of the members ski just for the great sport it is. But some of us would like to race. Unfortunately, not many schools around us have a X-C ski program anymore. Our one meet at Sedberg was cancelled, due to a lack of interest from the schools. We are hoping to be able to go there next instead.

Competitive or not, we have had a good time! All our members have got a membership in the Stanstead Town Trails, a few miles outside of town. On Wednesdays, we have gone there for some excellent trails and some beautiful scenery. Other days, we have practised skate skiing in the field, or just skied in the woods behind Sunnyside. Those trails are quite rough these days - that is just one more reason we really appreciated that the Sports Department gave us the membership in the Town Trails.

This year the Stanstead Spartans had a team with talent, speed and depth. The season started off with a recreational trip to Ottawa where we played three exhibition games, winning two and tying one. We then hosted the 3rd annual National Independent Schools rugby tournament where teams came from across Canada. We were consolation bowl champions. This was a key point in our season because we came together as a team and only lost in the dying seconds to the tournament champions, T.C.S. This year was the first time in three years that we were fortunate enough to be entered into two leagues, the GMAA and the ETIAC. In GMAA action, we played, we placed second in our division with a 3-1 record, and our only loss was in a hard fought match against a very strong LCC team. The game was decided in the last two minutes. Also this year the team travelled to the sevens tournament at BCS where we made two teams that finished second and third. Part of our season was swept from under our feet, when we lost the GMAA semi-finals to a much more experienced St. Thomas team. We finished the season by capturing the ETIAC championship Banner and Cup for the third consecutive year by defeating BCS 29-5.

Seven years have passed since I have first come to Stanstead and I want to thank everyone who has supported both the program and me. The enthusiasm displayed by the students and the school has made my job a lot easier and I am very proud that rugby at Stanstead College has become one of the premier sports in the school. I wish all the best to the new staff that will take over the rugby program and I will see all of you from the other side of the field next year.

The team this year was made up of bantam through senior aged girls. Our first games were in Ottawa where we competed in a friendly tournament. We came home with a 1-1-1 record which was something to be proud of, considering the bulk of the team was made up of novice players. Jeff Stark came to give us a hand just before the NIS tournament. This tournament proved to be a positive learning experience, which earned us the consolation title from the six girls' teams that participated. To those who are graduating, good luck in your future endeavours. For those returning I anticipate another interesting season next year. Congratulations to the Senior S winners: Andrea, Karine, Louise, Marie-Pier and Tamara. The Major S winners: Amelie and Nathalie. For the first time the girl's rugby programme has its own MVP trophy – The Roger Marino Trophy – and it was awarded to Nathalie. Her love for this sport has set the standard for future trophy winners.

The 1998 Junior Rugby season was apparently to be one of growth and rebuilding, however the team managed to come up with some extraordinary performances showing the players that they could easily compete to the level of other Quebec junior teams. After some early season losses to BCS and Laval, the team triumphed over WIC and Sedberg in tournament play and went on to victories against BCS and Selwyn House to close the season. Once again the team advanced to the final game of the GMAA 7s tournament and, after three hard fought victories over BHS, LCC and Selwyn, lost in the final to Beaconsfield High. The Junior "S"s were awarded to Julien Ouimet, Mathieu Tremblay-Noel, Alex Anderson and Pat Rowan. Thanks to all the players for their efforts for what was a very enjoyable season.

Mr. Williams and Miss Campbell would like to congratulate all the players for fabulous season and lots of great tennis. We were particularly lucky to have excellent weather conditions this year. As a result, our players had a chance to play more and improve their game. The Stanstead team played with style and sportsmanship, even under sometimes trying circumstances. Some players expressed good sportsmanship they were willing to give their place up in order to give others a chance. Players with experience worked well with players who were new to the sport. There was an excellence of harmony within the team. Special acclaim goes to Jessica Lamothe and Manuel DeLa Rosa for winning the shield award. This award has a long history at the College (since 1927) and is earned by the player's skill in competition, within the team as a whole. Thanks for the good time everyone ! Hope to see many of you next season.

Thanks

The softball season was short but sweet. Miss Paradis and myself had plenty of interesting moments and thoroughly enjoyed watching the players strut on the field. Maybe next year we can put this show on the road. Some teams faced upsets this season against some very stiff competition but no one gave up on their sense of humour. Julie Dupuis and Ryan Goeller's sporsmanship and expertise were recognized and awarded with MVP trophies. Special mention and thanks ot our captains who were dedicated leaders and saw to a smooth season. On behalf of Miss Paradis and myself, thanks and best wishes to all, especially the graduates.

Track and Field

Coach: Mr. B. Denney

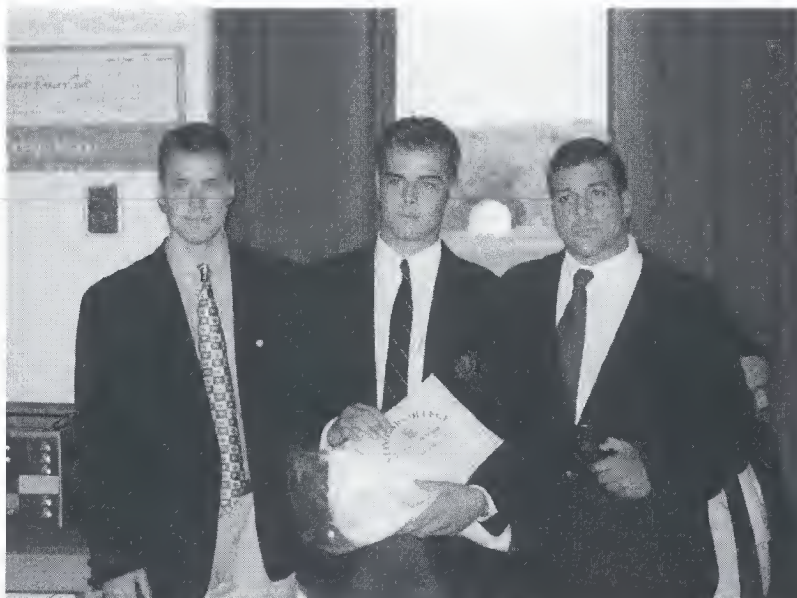

In recent years the status of track and field as an interscholastic sport has been on the decline and Stanstead has not been immune to this trend. Over the past three seasons the number of students who signed up for the track and field program has remained high but the bulk of the students were only interested from a fitness and non-competitive point of view. This movement has also been experienced by other member schools in the ETIAC. Popularity for a recreational/fitness type of track has remained high, however, and we are happy to still be able to offer this alternative in the spring term. In fact, there are thirty full-time members of what we simply call "Rec Track" and they work out daily on an almost individual basis with more structured guidance available upon request. Some students prefer limited running with a heavier emphasis on weight training, while some prefer fast-paced walking. What the future holds remains to be seen.

Do I jump?

I no longer acknowledge the meaning of my existence,
Emotions are words that no longer cross my mind,
My life will soon come to an end; there's no turning back.
Somehow this seemingly infinite drop,
Creates inner peace and surrounds me with tranquility.
I have no choice, this may be my last chance to reach eternity.
Though my mind is decided my soul is still in doubt:
« Do I jump, or give it another try? »
Today I live and hope to see the sun rise in the heaven above,
Where I was once eager to go...

What are you to tell
me
Where to be
What to do
Who to see?
Who are you to say
Or even judge
And decide
What happened
Today?
Just a hollow box
An image
A fare
Nobody.
What do you know
About life
Beyond your
Four walls?
Your smile is so
Stony and
Impersonally
Cold.
King of the world,
I control you
With the flick
Of a switch you're
OFF.

I remember anger
tantrums, fights, screams
I remember adoration,
bright blue eyes, wide white smiled
I remember confusion
different places, different people,
I remember lost friendships,
moving vans, crying eyes
I remember sadness
weeping sobs, sorrow filled days
I remember forgiveness
charming gifts, distrusting grins
I remember fear,
powerful hands, unwanted touch
I remember yesterday, but...
I look towards tomorrow.

Safer Inside

Tears welling up-
Pushed back down.
A cautious smile-

Half a frown.

My body will weaken-

Emotions bottled up.

The clearness starts to blacken.

Unseen and alone,

I hang my head low.

My mind grows dimmer,

And I let it all go.

—Meagan Heath

I realized that what
Happened was not its
Fault, I should be
Blamed, I messed it up
I now have to move on without
Looking back to the past.

It gave up on me. I
Was too stubborn, too
Confident
I won. I destroyed my
LIFE.

Friends

Do you remember when
We used to trace our names?
And my heart in your mind
We called it 'games'

We never called love
This feeling higher than
The sky above

We will be good friends forever
I'll stand by your side no matter
Sometimes I feel how much I care for
you
We will be good friends forever

Nothing has been changed I wonder
I always knew how much I meant to you
We would miss
Miss each other

La vie

Il marche seul
Dans la nuit
N'ayant pour
Seule compagnie
Que la dure et lourde
Mélodie du silence
Et sur les ombres
Qui dansent
Et sous les multiples
Pluies d'étoiles
À travers les nombreux
Chemins de la ville
Il vit

Parfois il tombe
Parfois il trébuche
Mais toujours il se relève
Et continue à marcher
Sans pour ainsi laisser
Tout tomber

Voici donc
Ce qu'est la vie
Il ne faut pas
Se décourager
Aux moindres soucis
Il faut continuer à vivre
Et vaincre la mort
Et non tout lâcher
Pour mourir
Et en finir
À tout jamais.

One thing was taken away from me: you
 So far away
 I forgot your name
 So long before I can see you
 I even forgot your face
 But I will still live
 Even if you are not standing beside me
 Your presence and smell
 In my mind
 Keep a smile in me
 And the lovely thoughts that I have for you
 Are unknown and will be secret
 Until we'll meet again.

 Mon amour pout toi

THE OLYMPUS CUP

by Keith Nunziata

Once upon a time, long ago, there was a team of soccer players named the Stanstead Spartans. They had some great players but many seemed mediocre. This is the story of how on a September day, with a little help from the Gods, they won the almighty Olympus Cup.

On this beautiful day the Spartans had just been crushed 6 to 1 by LCC. The start of their next game was nearing when all of a sudden a burst of light, only visible to them, came down from the sky and went into the heart of their soccer ball. It was power granted by Ares, God of war, but it was very little power. The game was a close one, although Stanstead should have been ahead. The score was 4 to 4. Stanstead was about to score the winning goal of the game when all of a sudden a huge tidal wave blocked the goal. Poseidon! The game was going to a penalty shoot-out. Once again it was close but the Spartans should have been ahead. It all came down to this shot. Boom! The shot was a high shot, over the goalie's head and ...bang hits the cross bar, and goes in, or did it? The ref says, « No goal ». Stanstead is furious. Suddenly, a lightning bolt comes down from the sky and strikes the referee. Zeus is on the Spartan's side! He is mad because Poseidon didn't ask for permission to interrupt, while Ares did. Therefore Zeus sides with Stanstead. Ares is granted permission to give full power to Stanstead's soccer ball. The ball becomes many warriors and kills all the members of the opposing team, Bishop's College School, and with no ref to stop them, Stanstead declares itself the winner. The Spartans are in the semi-finals.

The semi-final game might have been close had Stanstead not had full power of the ball. The Spartans scored and scored and scored. Since Stanstead had full power of the ball, anyone on the opposing team who tried to touch it was immediately eaten by vultures. Stanstead destroyed the other team so badly nobody even remembers its name. The score was so high the scoreboard exploded. The Spartan's forward, number 20, appeared to be a god himself. After the game had ended the soccer ball became armored dogs and once again killed the opposing team.

Up in the sky Zeus was getting very restless. He couldn't find anything to do. « Ah », he said, I'll check up on how that soccer tournament is going. » Zeus decided to let Poseidon try to stop the Spartans. Zeus thought that this would be rather entertaining and boy was he in for a treat.

People all over the world were getting excited. The final game of the Olympus Cup was about to begin. The matchup was the Stanstead Spartans vs. the Galt Gorgons. Many of the gods had placed bets, most on Galt. If anyone looked at any of the Gorgons they would turn to stone because of Galt's ugliness. Poseidon also might decide to help Galt because for some reason he didn't like Stanstead. Stanstead had been armed with armor and reflective shields given to them by Ares. Therefore, Galt wouldn't be able to turn them all into stone, although it is harder to use a shield as a reflector than to just play with your own two eyes.

The game was close. Both teams had many shots on goal, but no one managed to score. Galt also eliminated some Stanstead players because they forgot to use their shields and looked at the Gorgons. The game went into overtime. Stanstead had a penalty kick when Poseidon interrupted and blocked it with a tidal wave. Galt had a shot going in but vultures swooped down and saved it. Zeus was loving every minute of the game. He was on the edge of his seat along with the rest of the world. Suddenly, number 20, Keith Nunziata, started showing blazing speed and amazing skill. He was on a breakaway. The goalie was coming out. Keith faked the shot, dribbled around the goalie and put the ball in the back of the net.

Stanstead had done it! They won the Olympus Cup. They were the best team on the face of the earth. Galt was banished to the underworld. Stanstead and its fans celebrated for days and days. Number 20 won the Olympus Cup MVP award. To this day there has never been a team that matched Stanstead's performance on that beautiful September day.

Fun What I Love to do

I love to sit in a boat
Far out on a lake

When the sun comes up
And I'm half awake

I may catch one fish
I may catch none

But fishing with you
Oh, that is more fun.

—Young Joon Oh

Courage

I need courage to realise that the time is coming,
those times when we are going to say good-bye.

I need courage to realise that we are not going to be close sisters anymore,

but still we'll always be.

Courage to know that everything is going to change,

but we, people, will be the same.

I'll take that courage from you,

Because you've been like a fountain that was my source of strength, and you'll

always be my best support.

Our friendship is going to last forever,

because the good things never die.

Mr. M. Ayotte

Marc Ayotte came to Stanstead in September 1995. Fresh out of McGill's Education Faculty, he was very enthusiastic about teaching mathematics. In his first year he had the challenge of teaching the Calculus course. Not a problem for Marc! Within a few short weeks, the students knew he was going to be a great teacher. Marc has a very quick sense of humor and a relaxed teaching style. His students always felt comfortable approaching him for extra help and he made himself available at all times.

Marc has been an incredible asset to the Math/Science Department. As the Assistant Department Head, he helped integrate the new calculator technology into our senior math courses. He also advised the department's math teachers on continuing changes in Quebec's mathematics curriculum through his numerous outside contacts. Marc also did a great job as Acting Department Head in my absence. The year could not have gone smoother!

In addition to his commitment to the department, Marc was a dedicated coach. Over his three years at Stanstead he was responsible for Jr. Boys' Basketball, Jr. Boys' Hockey, Bantam Boys' Rugby and he helped with Softball and Sr. Boys' Rugby. He loved athletics and was very skilled in both basketball and hockey. His second home was the basketball court in the gymnasium where he loved to play with both students and staff. He was also a star of the ICEMEN Hockey Team, playing just about every position (even goaltender). How successful the ICEMEN are without Marc, remains to be seen.

Marc's responsibilities did not end at 3:30. He was the Davis Assistant House Director for two years and the House Director for one. He was a very effective house parent, tough yet fair. The Davis boys had a great deal of respect for him.

Marc is leaving us to take a teaching appointment at TCS, a boarding school in Port Hope, Ontario. He is very excited about the move because it brings him closer to his family in Peterborough, and more importantly closer to his girlfriend Kim. She too has accepted a position at TCS in their Library. We understand his reasons for leaving Stanstead and we wish him the very best of luck. Marc, just know how much we appreciate all that you have done for the department as well as for the school. Thank you for your insight, patience and dedication. We will miss you and we hope you will visit often.

Mr. R. Marino

In the spring of 1991, the Headmaster asked me to call Rothsay School in New Brunswick to talk with a certain Roger Marino who had applied to come to Stanstead as a teacher of French. I remember so well that afternoon. The phone rang, somewhere, and a voice, not the right one, said that he was out on the playing field, but the window was open and he would call him to the phone—which he did—and from below I heard a voice respond, « be right up! ». Little did I know that this « far-away voice » would not seem so far away when coming from the classroom next door to me. From duties in the residence, to announcements in the assembly and classroom discussions, it became

clear that a person could never say that he or she had not heard what Roger had to say. We all knew that behind that voice was a kind, good humoured fellow who likes people and who is liked too.

His first classes to teach were grade eight history in French, French second language classes and Français. It was abundantly clear that this Italian-speaking native of Forestville was doubly « Latin », also a speaker of French as a first language. These two qualities seemed to really complement each other. The « joie de vivre » of the francophones and the « esprit de famille des Italiens » really seemed to work. He brought many excellent ideas to the French classroom, especially in respect to the communicative approach to language teaching. He feels language learning should be fun and his teaching reflected that philosophy. In addition he had the task of being the assistant housemaster in Davis and he took on coaching. His involvement in all aspects of school life grew and he has kept up that high level of personal commitment throughout his six years here.

Prowess in hockey was obvious and then spring came. Rugby was, and is, his love, equal to or ahead of hockey. To see him operate with his team is a great experience. He knows how to demonstrate and explain the game and he has the attention of all the players. The faint of heart either become inspired or do not continue. Not content to play rugby only on the fields of Canada, Roger soon organised spring trips to places such as Ireland, Spain and Scotland.

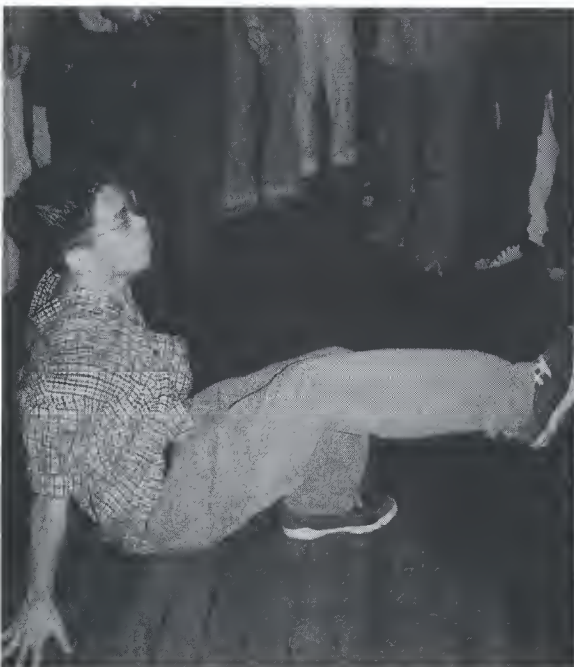

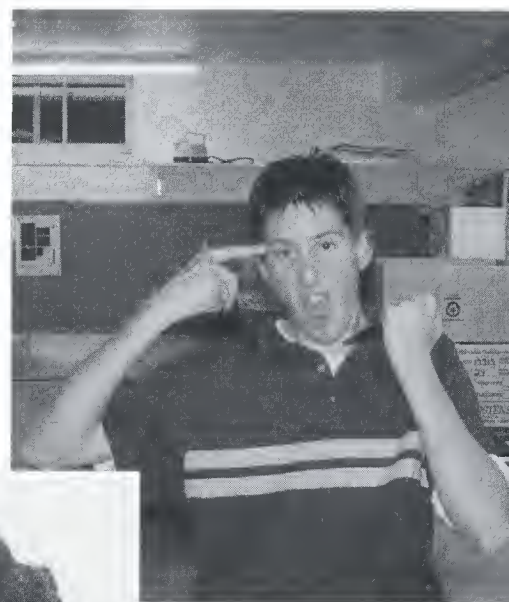

One cannot forget his participation with the legendary « Ice Men », the hockey team on which members of the staff play. At one time he was balancing responsibilities as a house director with teaching, playing and coaching hockey, planning a rugby trip and undertaking the position as Head of the Languages Department: a « véritable tour de force ».

Roger Marino will leave memories for all of us at Stanstead College. He is a friend, a colleague and a teacher. Now, he is off to a new experience at Kings-Edgehill in Nova Scotia. He will stay connected with hockey, rugby and French, and I am sure he will keep in touch. We will not forget and will not be forgotten. Many new vistas are opening to him.

So, for everything we say, « merci beaucoup, molto gratie, thanks so much and best wishes and good luck for the future ».

The GRADS Of 1998

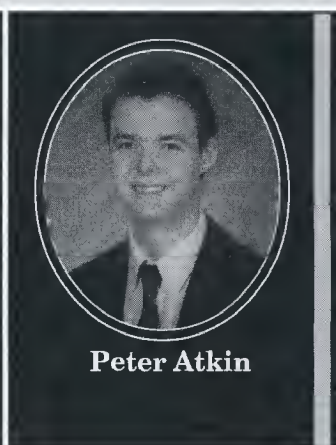

Grade 12

First of all I would like to say HI! Memories are naked time, totally sane comedy, Al Anderson mustaches, compulsory, Canadian people, black squirrels, a cute mink, the philosophical teachings of Rabbi Brendan Linzi. And my best memory would have to be of my girlfriend BROOKS with whom I hope to have many more memories. I would first and foremost like to thank Mr. McNamara for giving me the chance to come here. Next I would like to thank all of the people who made me feel somewhat at home here at school: Pete, Joe, Eric Shen, Adam, Amelie, YY, Kimmy, Andy, Genie, and Mr. Marino. A special thanks goes out to Jason Scott who endured the same kind of year as I did, and to Brad and Trish whose idea it was for me to meet Brooks. Thanks to all three of you. Well then I guess this brings yet another chapter of my life to a close, but I want to end it on this note, Mom, Dad, Garbo, Samantha, and Brooks, I love each of you very, very much. Thank you.

These past six years of my life have been great and unforgettable. I have had so many experiences, be they good, bad or just plain dumb, that I can't even come close to listing them all. So many memories. The Hicks, "get together" at my place, a summer filled with liquids, eh Brad? The infamous moose sign. "Are those police lights?" Stealing cable from Mr. Ayotte - and getting caught! Thanks for the midnight snacks. Stealing things from Kimmy and Andy, and more. Thanks to all my friends: Brad and Joe (the human alarm clock) for being cool roommates and putting up with my mess, Kimmy, for always listening to my problems and being the most generous guy I've ever met. Andy, for being cool, Jason C, the most practical guy I know. Amelie, "thank god we're exempt!". Thanks to all the teachers who helped me along the way especially Mr. Ashworth & Miss. Campbell. To my family, I love you. Time to go skiing, see ya, I'm outta here!

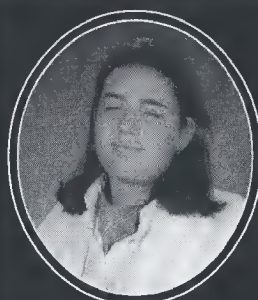

Eric Abernethy

He who forgets will be destined to remember" I will always cherish the friends I've made, the lessons I've learned and the memories created. Greg, you have always been someone I could count on. To Tony, Anthony, Paul and JP, thanks for all the little good times we spent together. Keely, you're the best roommate ever. To my four babes Jason, Nad, Sergio and Diego, thanks. Andrea, call the stroke team, I'm having a brain attack! What if he rejects me? Me and Robin in Montreal, "GO CABBIE!" Dealing with our emotional breakdowns! I will never forget us at 281 and banana boy! Andy, Robin and Kat thanks for the educational sex talks. BEEFCAKE! Thanks to the basketball team for a great season. Congrats on winning our tournament. Thanks to Mr. Van Dyke for all of our talks. The universal animal. To the best house director ever, Mrs. Telling you're like a second mom. To my brother Mat, I love you and good luck next year! To my parents, thanks for your understanding and support! See you at Acadia Andrea!!!

This has been a wonderful year, only it is the final year in Stanstead for me. I have great memories during the past three years here. But now I am leaving here which I considered home in Canada. And I have to thank some teachers who helped me a lot. I remember at the first, I couldn't speak English at all, but because of Mrs. Duncan's encouragement, I improved my English a lot. Without her advice I would have stayed here longer, which is wasteful. Of course, Miss Campbell, my advisor, helped me a lot. No matter the emotional problems, the school problems, or any problem, she would solve them for me. She is the person who would always take care of me, thank you. For my friends, Stefan, Kimmy (perpendicular!), Frank, Judy, Eric, Peter...! You guys really made my life here colorful. I hope we can keep in touch no matter where you are or what you do, and I will never forget about you guys!

Nathalie Beliveau

Brandon Chen

During the three years at Stanstead, I learned a lot mentally. Being an Oriental, I'm proud to have the chance to deeply explore western society. Plus, the great cultural diversity provided at Stanstead does make my life more vivid. Certainly, I have to thank everyone who has explored this part of life with me, who are all my teachers and my friends. To every friend of mine, I have to again express my truest thankfulness. Without you, my life will really be tough. To all the grade 12's: Yes, we all survive finally! Hope everyone will have a great college life next year. Well, certainly, best army life in Jason's case! Finally, special thanks to my brother and my parents. There is a Chinese saying, "For those who are nomadic, everywhere is home." I understand that with all the support from my family, everywhere could be my home! Thanks a lot to you all.

Time runs like an arrow, I'm proud of myself for being a student at Stanstead, which gave me a wonderful school life! I wish someone could stop time or even help me travel back three years (while I was studying in grade 10). Leaving is the most painful thing in the world. Every moment I have spent in this school will always stay in my mind! I will never forget the friendships I have made here! You guys really helped me through the bad times! Especially thanks to my parents, who gave me everything they had! To Miss Campbell, thanks for lending me your classroom every weekend. You are the greatest teacher I have ever had! All the support and advice that you gave was really helpful through the good and bad times. Andy, thanks for helping me academically. And those late talks, I will never forget them. Finally, a very special and unforgettable person, my girlfriend. You are the best gift that I received from god! I will never forget everything you have done for me! I love you!

"I don't see why you guys are so upset that we are leaving. I'm not upset, not one bit. Nothing ever stays the same... you guys should especially understand that. Bigger and better things... onward and upward! Progress is progress! And you know what they say about progress... it's made the world go round!" - Opus. For the past four years I have been a part of Stanstead and Stanstead a part of me. Most of my best memories have come from this school; directly or indirectly. Unfortunately, I cannot remember the majority of them. However, I would like to thank all of my friends, the Hicks, for all the good times, support, caring, and understanding. As far as being a prefect, it is unfortunate that I could not live up to the school's expectations. However, all was not lost, because it left time for many other things, mostly Spectrum. Anyway, good luck to everyone in the future, especially to Mr. Marino. Hang in there, sir. I hope you find a good job. Finally, I would like to thank Mr. Ashworth for all the help in the past four years. Adieu, for "parting is such sweet sorrow." I will miss some... but not all.

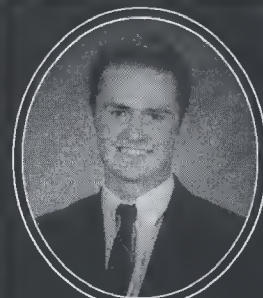

After three years at Stanstead, I have to say that a lot of people and events are going to stay in my mind forever. Vince has always been the perfect example of how I should study, although I never followed it. Pendragon, les beaux cheveux, le poilu, Elvis Wong, Patrice et Sensuel, vous êtes les meilleurs. Rebecca, Marie-Pier, Andrea and Fernanda A, thanks for listening to my stories. You guys for sure have great hearts. What can I say about the New York trip? TABOUÈRE, it was fun. We have to meet again sometime. JP, you sure would like the 70's. Alex with his statue of liberty haircut. No way I could have lasted those three years without the following things: Félix's toaster, Crescent street, Mr. Marino, Mr. Queen's jokes, my family, Miss Campbell's advice, my friends and my personal opinion, Paul Wang, Peter, Tony, the exception Roger, Cyrille, Nader, Tom and all my friends. I'll remember you. Mais les plus importantes de tous, Annie et Karine.

Many things have happened this year, making it so special and memorable: 737!, My B-Day party, thanks Orlando! Salvio's stairs, the shivers and 7:30, New Year's eve at Al's the sickness, Nick!, Al! The bet is off! But 281 is on! Carlos Ryan, you're a great dancer! Ouch! My knees! Carpet burn Tuck shop... Pete's party. Greg, I'm not a tart and yes, that was mine! 13! Union, hum... Montreal! Grad '97 was awesome and so will '98 be! I'll never forget all you guys, Pete J, YY, Alex "le frère", Johnny "Julie's fanclub", Killer "s jump", Brad "the accidental QB", MP, and all the others that have made this year worthwhile. Adam, you're my favorite multi-sports jock. Thanks for being there when I needed you. Hockey, Hockey, Hockey... sucks! I'm normal! There should be hot chocolate for the feet! Thanks again to everyone. I'll never forget you. Love always!

My six years here at Stanstead went by rather fast. Many of the things I should mention are: my very neat and tidy room and my ability to keep it clean, Mr. Iota and the cable guy and the pizza guy, Mr. Marino's great left hook. I will always remember my roommates, Pete, Joe and Phann ghost. The grade ten stoop, the endless summer party, my great hockey career, Noack's B&B Inn and all the fun we had in Spain. Scottie, the international man of mystery, Eric's big horse fetish, Petes Asocial gatherings. Amelie, so nice for the cause, Grad, Mr. Philip, the best. The ghost of Tom Linz. Mr. Sleeman thanks a bunch for the extra help on weekends. Noodole so gud. I will never forget Mr. Southward and the WAC and racking at the Royal York in Toronto, football and Rugby, the 7th grade hick stick, hate mail. A big thanks to Mom and Dad and the rest of my family. Thanks Mr. Ashworth, Mr. Denney, Mr. Marino, Mr. Ayotte you guys are super. "No means yes and yes means no" - Mike Tyson.

These past three years have been the best time in my life. I cannot forget the time which I spent with my new friends, Mike, Nishant and Yaggi who were the most influential people for learning English. In the second year, I remember Shawn and Jay were talking until three or four o'clock in the morning every night. To get shot a rocket by Tyson's Rube Goldberg was really terrible. The third year seemed to be the best year of the three. I remember Andy and Peter, my second teacher for some courses, hiding Peter and Brad's stuffs all the time, chair, heater, shower clothes, noodle party in my room, scaring Roger with the mask, party in Peter's. I thank my family, especially my parents. I also thank Mrs. Duncan for teaching me a lot of English and Mr. Ayotte who always treated me friendly. He was the best teacher in my life. (Actually, he asked me to write this).

I have learned a lot at Stanstead and not one day went by that I didn't thank God that I was American. "Glory, glory hallelujah!" It has been four years now, and I want those years back. Stanstead has molded me into a man who is not afraid to make mistakes. Just ask any of my teachers. I make a lot of mistakes and sometimes I even learn from them. Now, I must say a few things to my friends. Joe: "My bride was bruised in Spain, among other things, and your box of All-Bran helped me little." Pete: "You're twice the ski bum I can ever hope to be." Amelie: "Hi I'm Brendan, we sat at the same table during lunch." Brad: "Sure you can throw, but can you survive in outer space?" Jason C.: "You do those pushups BOYE!" Brandon: "Only at Stanstead could a communist become a prefect." Jason S.: "That phony accent ain't foolin nobody." Eric: "You're the biggest guy I know." I would like to thank Mr. Ashworth, my family, my friends and my God for everything. Good bye.

... and I woke up in Stanstead. Another morning, another mission, another dream. Yesterday's dream was to hear some Jethro Tull at the assembly. Today's dream was to find some prog rock amateurs. I spent most of my free time listening to some good stuff, and travelling in other dimensions (thanks to Euclidian geometry). Then, one rainy day, I realized that I was a perfect loser and that I had to change my way of living ASAP. I pushed some kind of button and immediately tumbled down the tunnel of timelessness, crossing the kaleidoscopes of faith, peace, love and happiness. Feels good. Now let's begin: Théo, t'es un torpidelittle de bon ami. Max, quossé j'vas faire avec la pan? Dave, Johnny (cool guys!) Mathieu, on va-tu au Greg? Greg, comment de personnes peut-on assir dans ce stade? JP, thanks for Minstre! Brandon, my poetic roommate. I think life is one long guitar solo in which we are all little notes, sometimes low, sometimes high pitched. I love Everyone!

Four years ago when I was fourteen I entered a new and strange world, a world where statements were concluded with eh. This unforgiving and barren land was called Stanstead. Just the sound of that name sends shivers up my spine. The second I first laid eyes on this place I saw the etchings that will be burned in my mind forever: Sanitas, Sapientia, Religio. About sixty percent of these 'Stansteadians' spoke a language called Français. The very first time I heard this language, air left my lungs and blood oozed from my ears. But eventually, I overcame my ailments. I infiltrated the compound and gained the trust of many Stansteadians. I eventually passed their "government" exams so I appeared to be one of them. Soon I will make my escape and bring this information back to the people who sent me on this impossible mission. I'd like to give special thanks to Mr. Ashworth, Mr. Telling, Mr. Van Dyke, Ms. Campbell, my parents, and to my friends for four years of good times. Thanks.

I remember the scam of the century, Heays my soul brotha, Cosmo (interesting fella), Tony's got mad bat skillz, Theo: got some coffee?, Kimmy: it doesn't matter, Cam: the best basketball team resides where?, Julie: You've been a great friend, Catherine: you made a difference, Marc: Christmas music? I had somewhat of an interesting year up until the S Valentines Day Massacre, when 21 of my comrades got busted. The best part of my year was meeting all types of "interesting" people. I would like to thank Roger for being a "exceptional" roommate, Greg and Taka for being dirty basketball roommates, Jason for keeping my birds in check, to all members of the Kodiak club, Greg, Taka, Anthony, Matt B. Paul, J.P., Jared, James Ross, Adam, Theo, and my Grotto pal John, to my not so popular Redman club, Kam'ron, The Johnny, Alex, and whoever else I forgot. Thanks to n Bugbee crew, Dobbs, Goeller, Trev, and to Nat for being a very good friend, to Cameron and John for being good friends when we all had our own difficult situations to deal with and discussing them on weekend nights in Cam's room. You guys know what I'm saying. Cameron, "what do you mean?"

I'm known as Taka, GUCCI, Dubi Duba, Nagano, Tak man (for Greg), Bluedubi. I have many memories. Firstly, three years in Stanstead have ended. The time in Stanstead was really long, because time hung heavy on my hands every weekend. But I felt somewhat short of time with friends. Thanks to Kiy (Moguro), Kensuke and Kyohei for supporting me. I know that you love Niagara Falls, Kensuke. Hey Greg! You are the best roommate I ever had. I love your shouting, Roger. Jung-Su will be my bodyguard in the future, I'll hire Andy in my company(?). I won't forget sun tanning in Florida, kicking the statue in N.Y and breaking my collarbone by snowboarding. I did many things that I won't be able to do anymore. However experience is more than anything and we can't buy it. I'm not regretting that I came here. Did you know that friends are so important for you? Thanks to my parents, t Mme. Marcotte and all my friends who supported me, especially Greg and all the Japanese.

can't believe that I'll graduate from here. I don't feel like studied here for three years. Time passes so fast. I was always dreaming about when I graduate and go back to Japan, but now I don't feel like going back to Japan. I'll miss people here for sure. I think that I had great experiences at Stanstead because I would have no chance to come in contact with foreign people if I studied in Japan. I met many great friends. At first Tina was my mission partner. I'll never forget about the mission that we did during the break. Emi and Moeri always listening to my complaints without being reluctant. I appreciate it. Shiho was an understanding person. Natsuko, she was like me, so I could sympathize with her always. I'll never forget about the life and people at Stanstead.

Three years of Stanstead life. That is quite a long time. A breakfast.... hum... what is that? Don't know how many times I have skipped assembly and breakfast. Sitting in front of my computer and just chatting all day. Calling my girl friend at 4 o'clock in the morning. I could not get up for my breakfast. Getting caught in the bathroom when I was smoking, and getting a week of work detail. Physical work! I can say it's hard to do. Daydreaming during class, not doing homework, and getting tons of hours. I still don't like Stanstead food. I just don't like it! Fixing the computer till 4 o'clock in the morning with Eric Shen. Eric, we should nuke ourselves. Andy, you are the one who always helped me. I'd like to thank my parents who always help me mentally and economically. Oh, my little brothers Steve Lee and WooSung Sim, thanks guys!

Holy Smokes! I can't believe I made it through a year here! It must have been the buckfever days, eh Nat? Thanks to the basketball team for a great season. Winning our tournament was amazing! We're frogs now! Nat, Rob and Kat, the sex talks were informative! I'll never forget 281 or Banana boy! Robin, want to go to Hurleys to test your accent? Let's talk about the crush- Curtis. Maybe we should just sip milkshakes instead! Nat, I enjoyed our productive studies! Hey Mr. Van Dyke and Mr. Nelson, are you up for some Pictionary? What, Bula's dead? Thanks to my advisor, Mr. Ayotte, Mr. VanDyke and Mr. Nelson for all your help and advice. Mrs. Telling, you're the best. Thanks for everything. Mom, Dad, I love you. I appreciate all you've done for me. To my besties, Nat and Robin: thanks for all the memories, it's been fun. Good luck to all the Grads.

Four years at Stanstead. Crazy? Just a little. I have collected a few aliases. Some have no real meaning, but others have stories, which I won't get into. Well here is the list: Jurassic Joe, HJP, Coventry, Coach's dream, Major S Joe, Honest Joe, G.I.JOE, Joe Joe, Human Alarm Joe, Farmer Joe, Sober Joe, Animal Killer, Cyber Joe, Yankee and Hick. Some events that have happened have been burnt into my brain. Some good, some bad, and some just weird. In grade 10 I was on compulsory for a while and was involved in no school functions. That same year I became a prefect. Make sense to you? Me neither. This brings up late nights working on late work. It happens. Also there was the knife squirrel incident, toilet papering stuff, traps, fluffy, rack, flipping my car (What I do to make people happy), Pete's parties, "The Cause", late night talks and cable. I would like to say thank you to the following: my family, friends, Mr. Philip, and Splash (my dog).

My memory at SC is too big to fit in a small space like this. So many good times make up to be three incredible years that I'll never forget: talks with Colby TODs, the Dog Theory, counting days to Grad with Jackie, WM "I'm on diet, this time I'm serious", teaching people how to say PHISANBUT, Grad '97, weekend at Alana's, Nahil's nose ring, Love Affair, Bree & Sarah singing Madonna in Track, McDonald's playground with Ann & Mel, becoming addicted to chatting, Toronto trip-Bree & the ducks, people trying to fix me up with Brandon, punching Jason, making the soccer team and becoming one of the bench squad, Beckham fever, my room becoming Man.U. museum and Anti-Posh Spice zone, Cecilia & my posters. I would like to thank my parents who I love very much and who are always there for me, my uncle, Mrs. Duncan, Wai Ming, Nahil, Lilith, Sarah, Jackie, CD.28, YY, Judy Wu, Colby people, & all the teachers who had helped me through these years. Thank you for being part of my memory. Love, Napat (Patty Snoop)

I am writing this at 11:30 pm, after another noodle fest. If Stanstead gave me one thing this year, it was insomnia! First I would like to thank all who have made my year here special. So in no particular order; Roger, Tony, Eric (keep it real baby!), Taka, Greg, Kimmy, Andy and "The Rocket", the hicks, Mr Ayotte and "da boss". A big apology to anyone I have forgotten, but like I said, it is late! HUGE thanks go to Mr. Telling and to all my teachers and coaches, the football, hockey and rugby teams and to everybody back home, especially the Scott clan and Jenna. A special thanks to the ESU for this great opportunity. The memories come flooding back: those darn squirrels, "Welcome to the Rock", Eric eating snow, naked time, Joe and Quick Chat Café, snow being hard, the St. Valentines Day Massacre, Comedy Al Anderson moustaches, Tony's Kodiak club, BAGEL!, the hockey nicknames... "Scorer for Stanstead", the two plays. And so, to all the grads of '98. "Cheers!"

Coconut, Lélé, Guapissimo, Hairy -and all. I've survived years at Stanstead. Grade 12 started with my roomma Taka and noodle parties at night. Being a member of the kodiak club, Tony, and Roger, Roger dancing, remember Tony trying to play the piano but in the end only learning the Godfather, Pete's party. Remember Guys! How could I forget? Raquel, how is your head? Max, nice haircut! Remember New York. Theo, remember the limousine ride? And there are my sisters Raquel, Angel, and Fernanda! I'll never forget you. Andrea what's the difference between hours and minutes? Max, how about Acapulco this summer? Ana LOVE YOU. Vince " nous pouvons donc asseoir 40,000 Nat, " lets go Ginette" Thanks to all my friends, especially Maxime, Theo, Nat, Marie Pier, Raquel, Andrea, Fernanda, Angel, Taka, Tony, Roger, Pete for being there for me. Thank you to Miss Paradis and my parents for supporting me. Thank you Ana for being there for me.

I've been here for 4 years already. People asked me how I made it? I answered that I have no clue but I still survive. Life in Stanstead is not all that bad, it's just the food I will never get used to. So we held a noodle party every single night. I have no idea how many I ate these years. I almost become a noodle head. I doubt I will eat that many noodles in the rest of my life! Grade 12 is my best year at Stanstead. All the respect I got. I had lots fun with my friends, blasting techno music in my room etc. I want to say thanks to Andy Cheng for being a real true friend with me and Wang for being incredibly nice to me, Eric Abernethy for being the best roommate I ever had, to Stefan Chong, Paul Li, Patricia Tang, Shin Park, Taka for being good friends. Especially to Kate Moon, thank you for being with me. I will always remember the time we had and I will never forget you.

The end of my fourth year has finally come. This has been the hardest year I have yet faced. As I look back, both good and bad memories come to mind, but what I'll keep forever with me are the life's lessons I've learned throughout the year. For that I thank my parents for teaching me that I don't have to be perfect all the time, just my best. Nat and Andrea who taught me not to always depend on others, that I was strong enough to rely on myself. Mr. Denney, my second father, who taught me more than I can say, mostly that I have reasons to be proud of myself. Tony for teaching me that I can't win all the time. Mr. McNamara who taught me that despite certain things, I'm as normal as anybody else. And finally Mr. Van Dyke who taught me to accept the consequences of my actions. Last thanks to my brother for not judging me when everyone else did. « It's not the problem that defeats us ; it's not learning the lesson. » -Troy. Mom, Dad, J-N, Nat, Andrea, Mr. Denney, Anne... I luv U all.

So many memories, just in two years, I'll simply never forget: Karine, you are my best shy girl. I'll miss our famous bathroom talks! Chic-a-chic! My soul sister, Glo, you are the best roommate. Kris, I'll forget all our Xmas tree stories! Are you a sitter or a shaker? – a shaker! Anne, ma petite fleur always there when I need you! Julie, all I can say is: Frog Drag queen, Winston's (definitely) Naked! It was a blast singing with you girl! Les fameux soap opera d'Annie, suivre... Stu (there is so much I'd like to say!) You're The man... No you're MY man! Remember three days Max... (you're right!) Goeller, I'll always remember DUNE BUGGY, you are the coolest! Heays, you funny stud, you are really special to me, I'll never forget you! Nader, focus! Mr. Chandler, the Habs suck! (Miss Mihaljevic, breakfast talks are very instructive!) I have been at Stanstead for two years and it has been a very unique experience. The things that have been the best for me have been the friends, such as J-P, Tony, Anthony, Paul, Dobbs, Byron, John, Ogilvie, Natalie, Billy, Owen, RyanG, RyanH, Mr. Nelson, Mr. Marino, Bob, Rit, M-J, and Bud, good times at Stanstead such as the IMAX with Anthony and J-P, skiing with Ryan, just having a Blast with the fantastic five. Can't forget in the bathroom with Ogilvie, fatty with Tony, chilling session with J-P, the car incident with Danes, Lussier, Owen, Ogilvie, and Winston, the field car incident with Anthony, going to the moon with Lara, black magic at the rocks. The steps, the chairs, the park, the dark forest and so on. The two things that were unpleasant at Stanstead were Grad 97 and six on one with the teachers. But seriously, I owe it all to my loving mom and dad.

These last five years at Stanstead have definitely been the most interesting years of my life. I have seen some amazing things like G-money's Golden Cow and Tom being the first person in S.S.L. history to need an ambulance to carry him off the field. I remember Supino riding his invigorated elephant on the unforgettable trip to Thailand and Vince dreaming of being an expert on progressive music for HMV. I can't forget to mention my bottomless closet of junk food or rooming with David Graham. I would like to thank my advisor Mr. Ashworth and my parents for helping me make it through these years at Stanstead.

To the entire senior Bugbee floor, it was a year to remember. Thanx to Marc and Brian for getting me on the right track in the beginning of the year. I'd also like to give a huge thanx to Mr. MacNamera, because if it wasn't for him I wouldn't be here. Mr. Marino, Mr. Ayotte and Mr. Chandler thanx for always being there. Dobbs "you kissed a man, no dude, and you probably liked it too you little freak". To Chewbacca and his little chewies, you gave us a lot to laugh at, and that's not with you. Tony I'm not going to have that much, yah right. John don't worry we know you're not dirty, you just don't shower. Hey Go-Go turn it up I can't see it. (Brian the walk in the park talking about Danny Heath and Heath apple juice.) And "Heterosexual" Marc, I'll get you. Those friends I mentioned you mean a lot to me, and I can honestly say you're like family. A big shout goes out to all my peeps. I'd also like to salute all the Mexican's. Sergio, J-C big hairy HUVOS-, French class and Angel "books and cocoa pebbles", I won't forget you guys. My biggest thanx goes out to my family and especially Nan, Pup and my Moms, love you.

Brett, Creton, Brett the Jet, Skate sharpener, Gonzo...that's me. I am graduating, able to study and play NHL98 at the same time and the math competition prize has come my way twice. I remember grade 8 with Wass and Killer as roommates, Mr. Philip's Biology classes ("Hey Shannon how's the clavicle!") Italy trip. Thailand Trip with Vince and Theo. "Heille Theo il te restes-tu de l'argent?", Dave's saxophone at 3 am, teaching Mark how to Ski. "Heille mes skis y veulent pas avancer. Thanks to my parents, especially for their time and affection, to all my roommates whether it was Winston or Goeller, to my advisors Mr. Philip and Miss. Mihaljevic, to my house directors and whoever I forgot to mention. Thank you.

There would be nothing without you; I love you all so much!

I can't forget the BAMFS, Great Escapes, Willy's Ninja Ayotte Door Kick, pink shoe, nice phone card John, Beliveau coming out of the closet, Heays and Cuenant Wrecking, chasing Tweety for two years, I love the maintenance crew, the party king of Hull, McDonalds playground riot with Matt, Chillin in the Mafia staff car, the Schlieffen Plan, the strobing Goeller, poop, Viper, Spirk (Ferris Bueller), the two Scams of the Century, skiing, Igor, boo la loo, Volcano Girls, Chicks ahoy, the No Doubt aftermath, all my boyz, basketball with Rog, weekends at Willy's and Julie's, Andy's knockout, SLOF, PJ, barr bmrr snow on the floor, Dance Machine Matt, Owen's backhand, Byron's extra skin, and many others. Thanks to Mr. Denney and my parents for all of their guidance and support. Be immature forever you guys and have a good end of the term.

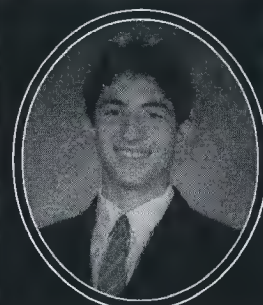

I'd like to thank all the teachers and friends who contributed to making my past five years a success at Stanstead. I've experienced moments that have made me laugh, and other I will never forget: Our trip to "Waiting for Godot", Anthony and your miniature Coca-Cola bottle, Jean-Nick's tea urge and spell-casting, "What's up with the funky butter?" Yann and his wild fantasies at Stowe, Simon's job as garbage man for the night, J.P. and his faint problem at supper, my best-friend Lesley, Mr. Van Dyke's theories which have kept me open-minded and helped me feel more confident about my future! Lastly but most importantly, I want to thank my parents for their constant love and support throughout my life, but especially the past year ... I LOVE YOU!

A wise man once said, "Chance favors the prepared mind"

The day has finally come! Well, I had some good times here over the past five years. Let's go recycling guys. I've had fun playing ball with Aaron and Rog. Anybody up for a bowl of soup? Thanks first of all to my mom for keeping me here to Mr. Philip for being there when I was starting out, to Miss Mihaljevic for not giving me hours when I missed assembly Michael Hain and his Washington stories. The econobox. L Ronde with Tony, Aaron, Owen and Watt. Spending countless hours in Tony's room. Quality times with Ogilvie at the Sheraton. Owen: RED ALERT! Talking on Brad's CB with hicks, and Mrs. Bartender. The year's not over yet, I'm sure that there are going to be some other things that should be in here but won't, like softball season... Anyway, thanks to all that should have been named but weren't.

I think that the best way to begin is thanking my parents for a great opportunity like this. Also I want to thank my friends, who made this a great year and Darinka who help me always in some way (gorda eres la mejor, ya paso todo, gracias). Also I would like to thank some teachers who were always great, Mr Chandler, Mr Nelson, Mr. Simard (When was the war of 1812). This year has a lot of memories for me. They were the breaks in Montreal with the Mexicans, (Manolo es por aca, haber si ya pagas), the weekend in Quebec (Mari Pier hitting Leslie and Sergio falling down the stairs), room 305 (Sergio borracho, abuelita), the tournaments in Montreal (nos escapamos Sergio), Carl Michelson (hello a...), Ryan Owen (the best prefect, hello p...), Nader (hitting Angeles in the Dome), French class, (tangas) Sergio (gracias por siempre estar ahi,, te voy a extrañar rata), Manolin (ala Manolo, muchas gracias), Sergio (nos la..ese maestro), I want to really thank all these people and the Mexicans, for making a very special year for me.

Lorsque je pense a Stanstead beaucoup de choses me viennent à l'idée; l'éducation, les sports, la bouffe, mes meilleurs chums Caro et Véro pis il faut pas oublier Ann qui s'est introduit plus tard!!! Ici, j'ai passé 3 belles années en la compagnie de tout le monde, il faut dire que. Je me suis bien amusée. Et oui dernière année, mon Dieu que ça a passé vite! Hehehe! Anyway, pour finir je voudrais dire un gros merci à mes amis avec qui j'ai passé 3 ans. Merci spécial à Caro, Véro, Miss Wadleigh, Mr Williams. Aussi, je ne veux pas oublier de dire un gros merci à mes parents qui m'ont fait connaître Stanstead. Merci à tous. Je vous aime très fort.

This year at Stanstead wasn't as good as my first year, but it still had a lot of memories. John Wells is the cleanest man on campus. John, you're lucky. Mr. Southward was there. Hey John do you know where is Snoop Froggy Dog Guy? Cam, you are the man. Remember my homie from the beginning, our fights on the senior floor. Seriously dude stop. Goeller, my partner in crime, Virginia represent baby, John where are my Froggy Frog tickets? Tre, you are the best. You know I love you baby. Hey Cam, WAW. I want to thank Mr. Simard, Mr. McNamara, Mr. Chandler, Mr. Ayotte, Mr. Marino, Mr. Nelson for keeping trust in me throughout the year. Thanx guys. Cyrille, you chump. Give me my Helly Hansen. Beliveau I love you and your room shaking slaps. Cam how's the arm? John clean the room. Tony thanks for being there and where my Camp Lo at, Luchini. Trev what are you doing tonight? Goeller I have a problem solver. Do you know its name? Thanx mom, dad.

In all these years at Stanstead a lot of things happened and I don't think I'm able to remember a 1/4 of it. But still, I will always remember the achievements I've made like: compulsory study for two years in a row, 7 U's in 7 classes, being football, rugby and hockey champs, won the Loyola and Billings tournament which I got the all-star goalie, "trying" to understand girls, being on WD for 3 days, being Mr. Marino's advisee for four years, practising my French in math class, being a member of many clubs. Here are some of my nicks: potain, le gros, S-man, el toro, Brick Wall. Hey Spirk, how comfortable is a Jetta? Spring parties at the country-C. Living in a community with people like CC, CS, CT, GP, FA, ST for 5 years. I'd like to thank my mom, dad and brother for supporting me all these years.

What can I say? Five years have passed by so fast. My junior years weren't as exciting as my senior years. All I remember are the odd immature fights, but most of all the girls that I lived with: Nana, Laura, Sheila, Estelle, Ana, Kathia. My senior years were unbeatable. I will cherish all my experiences like the night that never happened, last dance in grade ten, variety show night (grade ten), Quebec city trip, me off to England, me forgetting my bra in grade eleven, Winston's Naked! And many more. I would like to thank Kristin, Keely, Karine, Roger, Cameron, John, Catherine, Rebecca, Chris, Dobbs, Winston, Heays, Tara, Amelie, Adam, Trevor, Goeller, all my teachers, Owen, Byron, Yanne, James, Jade, Meaghan, Maria, Gloria, Trudeau, Luc-Andre, Alex, Colin, Jer, Holli, Wesley, Carl, Robin, but especially my parents, Marc and my friends at home. I love you all and a special thanx to Mum for ALWAYS believing in me. I'm going to miss you all.

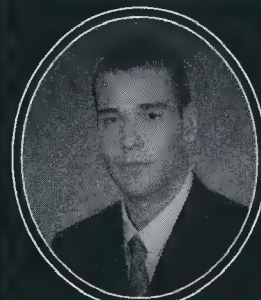

So many things happened in these two past years and I will always remember them. Catou: our bathroom talks and torture day, Keely and her Hansen twins, Eh, do you know what obsession is?, Theo and his jokes!, Kristin and her x-mas tree!, sleepovers in my room, Anne, cocotte, you're the best flirt I've ever seen, J-Max, les Mexicaines et le gel, Deb et son Ben(the BCS girl). Glo, you're the best bathroom mate. Rebecca, I will always remember you and "tow yen ha". David, je ne pourrai jamais t'oublier avec tes jokes sur les femmes (F=ma). Ceci, you're so cute! Alex... c'est Alex! Julie, I know I'm slow! Colby girls, you're the best! Greg, ma soeur te dit salut! Max et ses cheveux! Carl: "J'analyse"! Shiho and Kozue, you're the best roommates. Thanks to my friends. I didn't mention, Miss McCurdy and Miss Mihaljevic. Thanks to my sister for being who she is (je t'adore). Thanks to my parents for everything they gave me and for supporting me(I love you both). Merci à Josee, Christine and Sophie pour avoir toujours été là pour moi.

First I want to thank my parents for always being there for me. Kristin you're the greatest! Through my two years I have had many memories; in the airport with the Rangers, in the airport with the EXTRA cash and limes. Dobbs stop swearing at the window. CAM CAM! BON BON! Stop with the opposites! John, you dirty kid. John, what are the current phone call rates? We got the exit seats again! Is that church glowing? The Huck-A-Bucks. Beliveau on the pipes. R. Heays. R. Also, I can't forget that one special blond that beat me in pool. Don't break any more of my pencils! Dobbs, the name is revolver! BOOM!!!

Well my time spent here in Stanstead has been short, but I had some good times. First of all I would like to thank my parents who gave me the chance to study in Canada. I would like to thank some of the staff, to Mr. Marino for being the only Italian guy I could talk to, E stato un piacere conoscerci, forza Italia, to Mr. Van Dyke and Mr. Ayotte for being average B-ball players, to Mr. Nelson - don't forget the adat Alesis, to Mr. Telling and the rest of the teachers. Now let me remark on few people, lets start with Mr. Squeaky Chump! a.k.a Dobbs. To Rogelio, bonne chance pour U.N.C eh n'oublie pas de porter le Bu Bu pour le Grad, to Andy the Genius, to Kim the future pilot take it easy kid, to Sergio Hey! Hey! orale hermano, to Mari (Juan) the computer addict (where my Don Julio at!!!) To my kousine Isabelle sak-passe! To Fabrice Lex. much love, and to Terryl and Terrence my true partners, and finally to Kassandra:nan rinmin cher!!!! Oh Finito.

It's hard to imagine that I've been here for five years. I remember the first day of school in grade 7. The car pulled to a stop under Colby's foreboding shadow. I've changed a lot since that day and so has the school. Remember all that's happened: Cheese Gone Bad and Noah's other bands, the Hicks in grade 8, in grade 9 the Bugbee YMCA lipsinc... Watching the Simpsons and Seinfeld with Paul and Yagi was always an adventure. Paul as headmaster and the prefects for a day. The Davis basement flooding incident (Maintenance's wet and wild adventure), learning the wonders of CBs, Ryan Owen with a million and one insults and a dad who's done it all. Anyhow, I'd like to thank Mr. Ashworth, Miss Campbell and Mr. Ayotte for helping when things were changing fast, and Mr. Van Dyke and Mr. Denney for just being great teachers. I guess I'll see you next year or else just have a good life.

I've had some great times at this school. Raising hell with Brian and Yanne in grade nine, the awesome threesome, losing the final game because of Fluffy, Ryan and Brian in Burger King, November break at the Sheraton, Sober Marc. Spirk, Cam, you'll never get me. I'll never forget all my great Mexican friends throughout the years. Sun-Valley with Yanne, Washington with Brian, Mexico with Paola. Throwing basketballs at the manager, losing my roommate. All of the seniors in Bugbee, being a prefect and dealing with dirty kids, the e-mail incident, I know why you did it. Listening to K. Sweat with Ryan. Expos game with Chris, Paola and Yanne, the Boy Scouts. Mi chiquita, te adoro. Sergio and J-C, I'll miss hearing you guys laugh. Winston, BAMF on that! Making fun of the "French" accent. The La Ronde adventure with Angeles, the bridge. The Colt picture with the prefects. Thanks to my teachers, my advisor, my parents and especially to all my friends. May the force be with you.

I would like to take this opportunity to thank everyone who has helped me through these past years. Thanks especially to My Mom and Dad. Thanks Chris for putting up with me. Thanks Mr. and Mrs. S for letting me stay over, and for all the chauffeuring! Thanks to my hommies I Remember the scam of the century, the Great Escapes, the maintenance crew, Independence day, indoor soccer, golfing, trip to moon, the wrecking crew, the carpet, all the skiing trips, karate kick to door/head! Badda badda Cucumber! You are about to be Vipered! Spank Frank! So I says Gus eh! BOOM, R. Goeller. R. Owen, no Lill! What about Lotusman, Bad A55 Weatherman, Junks, Studabaker, King of Hull, Chip, Slop, Cam, Ski Bum, Hey Ogs in the back! Stupid Crip, PJ, Headmaster extraordinaire, little buddy- I like to Snoboard! Spirkanator, Tré, Mexicans and the Quebec trip, Volcano girls, Tools and everyone else. Sorry if I missed you! Blitzkrieg! Arena, school, stalls, jam sessions, Frisbee, softball, and tons of stuff I dont have room for! Thanks guys, and always remember never to grow up!

During these two years, I had a lot of memories that I can't put them all in here. The first year, most things were new for me, and it took times to get used to different languages, different customs, and living with friends and teachers. Compared to last year, this year passed so fast. But many things happened. I laughed, cried, got angry, and went crazy. Whenever I had problems, my friends helped and supported me, but what I learned here was to solve my problems by myself because it is my responsibility. Teachers give us time to stand on our own legs. This is what I like at this school. I would like to thank my parents, my sister, my friends who made me happy all year and all the teachers who helped me. Especially, thanks to Mr. Telling and Mr. Williams. And also thanks to Helen who is a second mom for me. Hontouni arigatou gozaimashita!!

Days are fleeting- capture them. I value every moment; bad, great, amazing, they have built my character & left me with memories to cherish. My friends, I will always carry with me a part of you as you have added to me. I cannot sum up five of the most enlightening, heart wrenching, bewildering years in these 197 words. We may meet for a split second but leave an impression on each other for a lifetime. Helen you are my Plymouth rock. Julie, our friendship is precious. Hey Billy, I miss drinking cokes at the fire station. Anne, ton coeur est beau. Andrea and Nat, it wouldn't have been the same without you. I'll have two puddings, eight bananas and one Curtis, if I'm not rejected. Milkshakes are good but not citron flavour. Mr. Van Dyke, Mr. Nelson, you guys up for a rematch in pictionary? Mummy, sweetie darling, thanks. You inspire me with a rare fervour. I have stood up for what I am and now I am truly myself. "Every blade has two edges- one who wounds with one wounds himself with the other". It's a wild world out there. Don't pick up that sword.

Midnight walk, the two ottawa trips, kleptomaniacs, he did a motion like this, b-ball tournaments, white water rafting. Do you know what obsession is? Rebecca - you're not a lady! There was also the Nazi, Zombie, Christmas Trees, Man Day cake, firewoman Amelie. Nat, sorry to say this but the Buzz rocks. Winston's naked!! Literally!! There was also the March trip, London, Diego, Citron and one Franc! Thanks to my parents for always being there, to Chad, Kellie, Holly and especially Chris, the Dupuis, Aubut and Goyette families, my advisor, Miss Campbell, for putting up with all my whining, to all my teachers, all the friends I've made... you know who you are!! Thanks to Mrs. Telling and Miss Paradis. "Engineers are smart and doctors are ..." Chem is ... well it's chem. Always remember, "It doesn't hurt to be optimistic. You can always cry later."

Stanstead is a place that I will not forget. I got caught drinking in grade eight. In grade nine there was the list, the mix and Dumb and Dumber, finally went out with Véronik. In grade ten there was the C.C and the tanning sessions and other fun things, Grade eleven was long and boring but there are a lot of things to recall such as: bravo Johnny tu es prefect, breaking my collar bone, Otero est Mexicain, te apapacho cossita, the crucible, Spirk you are crazy but I love you, Dobbs the French hockey player, Trev missing open nets. Jean-Pierre salue ses clients. I want to thank my advisors, Mr. McNamara for teaching me the game of hockey and to everyone who liked me. I was also known as Killer, Sniper and Matador. I had a great time during Bugbee boxing, long live the Nordiques. Anne, tu ressembles à Mafalda., Le Phone number de Trafalgar. A Special thanks to my parents for giving me this great opportunity. Cam and the bell slap. Finally, Carpe Diem!!!

My past three years at Stanstead have been quite an experience and I'll never forget it. I'd like to start off by thanking Marc and Cam for being the best roommates I've ever had. A thanks goes out to Mr. Ashworth for keeping me on the right track all these years. Also to my mother and father, thanks for all your help and advice. Some memories: BAMF's, the room, being a prefect for awhile, Rack baby rack, The Awesome Threesome, sober Marc, February break with Cam in the park, Danny Heath, quality weekends with Watt, writing this write-up in my hours for drinking, the bathroom with Beliveau and JP as the lookout, RED ALERT, all of the concerts, Owen and our long treks through the woods, the big bust of 98', Burger King at 4 a.m., being roommates with Killer in grade nine, the list, the mix, Danes' car with: Beliveau, Aaron, Winston, Owen, Man Day (Feb. 18), CB radio incident. Thanks again to all my friends and family. Woman, bake me a cake!!

Stanstead, what a fun place? Althought not much to do on the weekends, a lot of memorable stuff happened; hanging every break in Montreal, Candy at Teazers and our little suite at Sheraton, B. King at 4:30 am, Byrons King Can, flying glasses at the Peel and loving every minute of Chemistry? I'll never want to forget my good friends; casual Marc, Ogilvy (who needs the tie), Spirk, Lyndon, Michaelson, the two other Ryans, Winston, Roger, Jared, all the other cool guys and last but not least, Mr. Marino. Things that make me smile; Red Alert Watt, the patented shaft TOOL, bake me a cake, I want my coffee black Lyndon, in the car with M.B and W.C and Corona with the Mexicans. I'll never forget my Mexican buddies: Juan, Sergio and Manuel, you guys are so ugly. Thanks to Mr. Ashworth for being a great advisor and to my friends for being friends, you know who you are. Thanks to my parents for always being there, I love you and a final thanks to the Cubans for my cigars and the French for the great watered down wine!

I used several aliases', like BoumBoum, Turkey, Abdu Schagjey, Pass Interference. My achievements were being able to wake up each morning, getting a Senior 'S' in football, academic honors, and being a senior in Bugbee. I remember my first year in Stanstead, Spain, Chicago song Impro final: Ta pognes tu la canisse? Tanning sessions at the country club. Fais pas ta ... Avez-vous des dessins de citrouille j'veux dire . Tu fais une erreur Johnny. Creating OCB with Johnny. Aye, j'ai pogné mon gars! Starting defense place the table! Stay black bro! Aye, when are we going to see the crucible? Sexy chocolate and soul glo! Bazooka county ... disgusting! Oh non, pas Théo dans Bugbee! Finally the Canadian curling team winning the gold medal at the Olympics. I would like to thank my family. My friends: Johnny Killer, Max, Duhamel, Varin, Martin, Winson, Louis, Vince M.P., Geneviève, Katherine, Leslie, Mathieu, Marc, Goeller, Dobbs, Wells, Cam. The prefects, who gave me an average of 3.1 hours per week! I love you all!

My memories of Stanstead College are milou, grade 9 (est-ce que je mets un...) Vive la pluie! Angel, mon epouse qui se promène dans les bosses des chameaux au ZIMBABOUE Caro : SNA * * H!! Typhoon avoue que ça tombe sur le coeur Louise essaye pas on le sait que t'es aux truites! J-Max : Vive Stan et les sècheuses vertes! Ann : elle faut être assez mas pour faire du snow! Anne : aassez traumatisant de se faire courir par les townies hein? And my many adventures like me faire lancer des feux d'artifice, me faire courir par une vache, et ma rencontre avec Miss Kudér! Anyways thanks to everybody!

Well, I have to admit the first few weeks were tough, but after that it got better and better. First off I'd like to thank my unbelievably amazing advisor, Miss. Mihaljevic. Even though I missed a couple of important dates, she was really easy to talk to, and also really supportive of my decisions this past year. I'd like to also thank Mr. McNamara and Mr. Marino for what they've taught me both on and off the ice. I'd also like to give a big thanks to Cam, A.K.A. Renee, for being there when I needed him most. My biggest thanks goes out to my mom and dad for doing their best to make this year as fun as possible. Hey Dobbs, did you hear that? Jared, you wanna wake up at 6:30 and go hooping. BonBon, thanks for being such a good friend. Nader, I'll never forget "Aicha". Aaron, you best be coming back next year, or else who will keep me company at the school. You know I can't go alone Baby. Going to the dep with Jared. Last but not least Greg and Rolands with Neil, Aaron and Heays-FLIPMODE

A young man from a rich family was about to graduate from high school. It was a custom in that neighbourhood for the parents to give the graduate an automobile. Bill and his father had spent months looking at cars, and the week before graduation they found the perfect car. Bill was certain that the car would be his on graduation night. Imagine his disappointment when, on the eve of his graduation, Bill's father handed him a gift-wrapped Bible! Bill was so angry, he threw the Bible down and stormed out of the house. He and his father never saw each other again. It was the news of his father's death that brought him home again. As he sat one night, going through his father's possessions that he was to inherit, he came across the Bible his father had given him. He brushed away the dust and opened it to find a check, dated the day of his graduation, in the exact amount of the car they had chosen. To my family whom I love dearly, you are all I could ever want. Love you all so much!

I never thought this day would ever come, but here I am graduating from high school. Mom, I thank you so much for all the support you have given to me. I love you so very much for it. Dad thanks for being there for me and for having given me the opportunity to come to Stanstead. J-P, Tony, Paul and Mat... thank you for all the good times we have shared this year. The best things that happened to me would be the IMAX with Mat and J-P, M-J, football, the power failure, Bugbee bathrooms, Kodiak, the arena with Jared and Ryan, Rit and so many other great memories. Natalie you were a great friend to me all year. You were always there for me when I needed help. To everyone, I wish you all the best of luck in the years to come! Always remember the famous Disney slogan: "ACUNAMATATA" No worries, because every little thing is going to be all right.

During two years at Stanstead, a lot of things happened to me and I have a lot of memories that I will never forget: Spain tour last year, go Max go, one of the best trips I have ever been on, The New York trip, hey! Theo how was Wall street? Did you see the liberty tower? Shotgun Greg, I got the tree tonight, nice haircut. Johnny, are you calling Julie tonight Remember last summer when Greg and I met in Mexico (don't worry I won't say anything about Acapulco.), all the breaks in Montreal with the Mexicans on Crescent street. Fernanda, I don't know how to speak Spanish. Don't worry Ana Gaby, I have an eye on him. Raquel, why are you so short? Andrea, thanks for listening to me. Thanks to my parents for sending me to Stanstead and always being there for me. Also thanks to my brother, to all the teachers that helped me and of course all my friends.

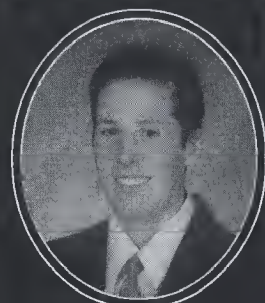

As I look back on this year at Stanstead, the first thing I remember is all the great friends I made during this year, and how much fun we had together. I will always remember snowboarding with Ann at Mont-Orford, being one of the original members of the bench squad in soccer, McDonalds with Ann and Napat, sliding on arena hill with friends, and trying to stand up for Gaspé in my quiet little way. I would like to thank my parents who always encouraged me to do my best at all times. I would also like to thank my adviser, Mrs. Duncan, for all of her help during this year and also all of my friends for being there for me. You know who you are! And for some of you... yes I do speak!

I have been going to Stanstead now for about five years. It would be hard to say what my most significant achievement has actually been attending 850 assemblies or making through about 8 000 classes. Through the years, I have managed to collect a vast array of nicknames including Chuck, Chas, Chuckles, Charcoal, Chalk, Chuck Rock, Ski Stone, Like a rock, Movie star, Super-Lime, Crocke, Chuck and Field, Mr. Endurance and Senior Hockey Chuck. Everything I remember about Stanstead seems to clutter my mind at the same level, so I will not list them all. A few of my more memorable achievements have been winning the X-country running trophy, a major "S", playing a senior hockey game and only ever having two "U's". My thanks go out to Mr. Elliot, all the teachers who have taught me. And my sainted parents.

I will start off by giving a shout out to the French crew (you know who you are) Ta Toi? Théo can I borrow your kodiaks? Tony why are your gums always swollen? Party at Pete's? Greg you ok? Pitstop at Union! 15x? February break, Owen spank it down low! Bathtub incident! To my jocks Cammy, Goeller, Dobbs, Carl, Tre and Duhamel. To my motivation man, Killer. To my boys back home, Nick and Warren B. Amélie how are your knees? To my step brother J.D... The initiator of the credit card, what a mistake! Valentine's incident! The Affiliation! Marc what's it all about? Ogie who needs a tie? Special Thanx to Miss. Campbell, Mr. Van Dyke (thanx for the words of confidence), Mr. Marin (A&W) and Mr. McNamara for giving me this great opportunity. Finally, thanx to Mom, Dad and Thomas for your endless support, I hope I've made you proud. Final thanx to Felix for being an awesome friend and roommate! See ya'll somewhere down the road! It's Viper Time!

being at a Boarding school these past two years has been very different from the schools I went to before. These two years which allowed me to know how a real student in a school is supposed to be. It is a very good place to know lots of friends. It is good that I have a great roommate this year who cooked instant noodles every evening after study time had passed, and letting me to use his computer and sound systems. I watched movies on his computer every weekend with at least three people. I also find that having a great adviser who is always be there when I need help is very important. Sometimes in this school is kind of boring, but sometimes it is exciting too, that's what we call how life suppose to be, I guess. Special thanks to my adviser Mrs. Ardadi who took care of these two years. And thanks to my friends, Danny, Paul, Jacky, and Eric for allowing me to have fun during these years.

You called me Truds, Trudy, Salope, Agace, Grosse Chienne, and I: Lasted 4 years, Made compulsory only once without my parents finding out, got caught drinking, and Not getting caught...and Cleaning Mr. Marino's apartment 100 times. I have memories of: Love line with Stef and Zeesh, great times at Ricky's, creating the mini C with Killer, tanning sessions at the country club, meeting Julie Straub, best liar in the world...Paul. Spain trip, Patrice. était belle, "Go Max", Dave pas plus que 5, Louis "fait pas ta M-P", Killer, c'est-ce qui s'est passé avec Vero, et toi Dave, Creating CB with Otero, Thanks to Varin, DuHamel, Killer, George, Ian Chi, Winson, Paul Li, Dave, Patrice, Amelie, and Marty for all the help. Helen can't forget you, thanks for everything. To all my roommates especially Cameron and Paul Li. Thanks to my parents for all the support and giving me the chance to come here, to my grandparents for all the support. Thanks to my brother Marty who helped me survive three years together in Stanstead, wish you were here, and to everyone who helped me throughout the years.

I would like to thank my parents for their support. Thanks to Mr. Marino and Mr. McNamara for their support in sports as in life. Max, Dave, Johnny, Duhamel, on a eu ben du fun en Espagne pis durant ces deux années. Duhamel, oublie pas le football, pis le hockey. Fais toi en pas Joe, je vais aller au Studio un jour ou l'autre. Avant notre départ, ayons une bonne pensée pour toutes que l'on connaît. Mon surnom cette année: Big Lou. If I don't see you anymore, good luck to Rebecca, Jason Scott, Dobsy, Karine and Neil. Mr. Van Dyke, don't give up and you'll beat me. You were a great teacher. My two years at Stanstead will stay in my mind forever. To all the people I have made fun of (except M.P.) Please forgive me. Hope to see you again.

This year has not been bad. Stanstead was good for me in many ways, especially academically. I would like to thank Mr. Duncan, Mr. Ayotte, Mr. Simard, Mr. Nelson (for all the late nights of math) and of course mom and dad. I would also like to thank Joon for being a good roommate. Some memories are hardcore cross country running with Winston and Matt.B, playground at McDonalds with Winston, Julie and her ten month hangover, surviving the big bust of 98. Lill and Aaron, would you like an ice cream cone? Shut up Winston, I know you wish you lived in Aylmer. Heays, some day the Red White and Blue will BURN IN HELL! Ogilvie, we had some "quality" weekends together, Blue and green. Owen, don't forget to use the red alert if you have to. Mr. Marino, I will miss you especially when I think of those nights when you were on duty. Extra help sessions with Miss Mihaljevic were fun but could not compare with Ogilvie's table waiting. Rob Boskind, I will miss you. Thanx to everyone back home.
